Safe Processing!

ONE PERSON can now SAFELY and EASILY process calves without concern of the protective mother cow!

Joan Bullin - "This will be my third year using a calf catcher and I love it! We don't have very calm cows and I've never had a problem with one hitting it. I'm 62 and tag 600 calves a year, no problem. I have hauled calves that are a month old but you have to put a strap on their back so they don't jump out. I highly recommend this to everyone!"

David Wood, MS - "Our Calf Catcher has brought added peace of mind during calving season. We highly recommend it."

Deanna Schlereth, KS - "We should have invested in a calf catcher years ago. It was the best thing we ever did."
