HerdDogg

SUSTAINABILITY DEMANDS DATA

Chase Lockhart's family has been raising cattle in Jackson, Wyoming for five generations. Sure, ranching has changed a lot in the last 100 years—but sustainable ranching has always been his goal.

The Lockhart Cattle Company's promise is that its high-quality beef is raised right here in Jackson. No trucks shipping packaged beef into the valley. Instead, their product goes from farm to fork in less than 10 miles.

Now, Chase has a QR code that delivers his brand promise with every piece of meat. With HerdDogg's Animal Traceability platform he tags his herd, tracks each animal's relevant data, and traces it all the way to his local grocery store.

At HerdDogg, we help ranchers prove sustainability.

Scan the QR code to learn more about how we are helping producers make more money from every animal they raise.
