

NJAA Members Earn Bronze and Silver Awards

The Bronze and Silver awards are the first two levels of the National Junior Recognition Program (NJRP), which the American Angus Association began in 1972. To receive the honors, junior Angus breeders must apply for the awards and meet point requirements in many areas of participation.

Applicants are evaluated in the areas of junior Angus association activities, participation in showmanship and leadership events, using performance testing to improve their herds, and progress in producing and merchandising Angus cattle.

James Fisher, director of activities and junior activities, recently announced the following recipients:
