Steers Grade 83 Percent Choice In NJAS Carcass Contest

The first-ever live animal evaluation seminar, carcass evaluation contest, and carcass contest attracted 29 registered Angus steers and 172 evaluation contestants to the 1993 National Junior Angus Show in Wichita, Kan.

The event took place on Tuesday, July 13. After a parade of the 29 carcass steers, Dave Nichols and Scott Schaake, both of Kansas State University, Manhattan, conducted a live animal evaluation seminar. They pointed out live indicators of carcass merit and explained yield and quality grades. Participants then predicted the carcass merit of six of the live animals entered in the carcass contest.

The carcass steers were processed at IBP, Emporia, Kan. Of the 29 carcass steers, 83 percent graded Choice and 62 percent qualified for the Certified Angus Beef Program. As a group, the 29 steers had an average yield grade of 2.0 and an average fat

thickness of 0.34 inches.

These averages surpass the industry averages revealed

in the National Cattlemen's Association's National Beef Quality Audit (NBQA) conducted in 1991. The NBQA found industry averages of 0.59 inch fat thickness and a 3.2 yield grade.

The grand champion carcass steer was an April 1992 son of Kessler's Rainman 002 exhibited by Crystal Nelson of Davey, Neb. The steer weighed in at 1,193 pounds and produced a 704-pound carcass. Fat thickness was 0.16 inches with a ribeye area of 14.3 square inches. The carcass graded average Choice with a 1.5 yield grade.

Cindy Hooper of Bliss, Idaho, exhibited the reserve grand champion carcass. Weighing 1,093 pounds, the steer was an April 1992 son of Fairfield Dark Star P57. The carcass weighed 696 pounds with 0.28 inch fat thickness and a 14.4 square inch ribeye. Hooper's steer graded average Choice with a 1.74 yield grade.

Contest participants were scored based on their predictions compared to the steers' actual measurements. In the carcass evaluation competition, Laura Hooper of Bliss, Idaho, won the junior division. Casey Kruse of Kersey, Colo., was first in the intermediate division. Will Grote, Mason, Texas, topped the senior division, and Jim Hallman, Cleburne, Texas, won the adult division.

Jennifer Maurer, Lawler, Iowa, holds her steer while Scott Schaake, of Kansas State University, discusses live indicators of carcass merit. The workshop was held in conjunction with the NJAS carcass steer competition and evaluation contest. Maurer's steer finished fifth on the rail grading high Choice with a 2.09 yield grade.

Crystal Nelson, Davey, Neb., left, exhibited the grand champion carcass steer. Presenting the award is Shane Kinnett of the National Junior Angus Association board of directors.
