Safe Processing!

ONE PERSON can now SAFELY and EASILY process calves without concern of the protective mother cow!

Kathy Danner, NE - "My Safety Zone Calf Catcher is the best thing since sliced bread! I've used it through two calving seasons. I LOVE IT! I'm in my late sixties and do all the processing alone. No fighting off protective mamas. Most helpful for bringing in a set of twins or a calf not nursing well. Can catch sick calf, treat on site or bring home for further attention. Good mothers follow babies easily. Wouldn't be without it. 100% safe, no stress and saves lots of time!"
