RECOGNIZED POINT SHOWS

Western Idaho Fair, Boise

Points awarded for winning at these shows are graduated according to placings and are accumulated throughout the course of the show year which begins June 1 and ends May 31 of the following year. Points are allowed from the top two Super and top two Recognized Shows for Show Bull and Show Heifer of the Year and division champions. Shows are permitted to split standard division championships of the American Angus Association classifications into early and late championships only. If a championship division is split, championship points will be split accordingly.

The ROV Program gives attention to the individual show-winning animals, rather than entirely to their sires and dams. Sires of major award winners receive continued recognition. The program also gives attention to the winners, plus sires and dams of winners, on an annual, current year basis, instead of an accumulation of points over many years.

Listed on the following pages are the tabulations for the show year just concluded. The 1995-96 ROV circuit began with the American Angus Breeders Futurity in Louisville in July 1995.
