

# NEW STARS for the NEW MILLENNIUM

BY JAMES FISHER

The stars fell into alignment for the 32nd National Junior Angus Show (NJAS) in Des Moines, Iowa, July 10-15.

The Iowa Junior Angus Association (IJAA) was well-prepared for the largest NJAS ever. More than 700 exhibitors from 37 states showed 1,224 cattle. The Iowa State Fairgrounds was a thrilling place to be for junior members. Yet, after the stardust settles, the friendship and family bonds created at the NJAS will stay strong.

## Twinkle, twinkle

The awards given help point out the stars within the next generation of Angus breeders. Each contest has a purpose — to help educate the young members about the beef industry and the Angus breed. And they create brilliant friendships along the way.

Look around the fairgrounds next year and you'll see a lot of familiar faces. Each year new members join the National Junior Angus Association (NJAA), and each year members retire. However, this doesn't mean the retiring members have attended their last NJAS. The relationships formed will keep NJAA alumni returning to the event. This is more than an organization, it's a chance for a group of people to grow up together and to learn with one another.

## Star power

The IJAA members and their friends and family deserve a special thanks for their part in providing an extraordinary atmosphere. Thanks to the American Angus Association Board of Directors and the American Angus Auxiliary who contributed time, money and incredible effort to make the week possible. Angus breeders and several state associations — junior and adult — supplied helping hands, as well.

A sincere thanks on behalf of everyone attending the show goes to the volunteers who judged contests, served food, helped in the hospitality area, cleaned barns and tie-outs, helped in the showing, and did anything else that needed to be done. The NJAS could not have happened without you.

## Shine

Every member who participated in the 2000 NJAS hopefully will be a more well-informed beef producer tomorrow. Not just the winners, but each contestant. That's the brilliance of the show. Each year it's getting better! The state associations that have hosted the NJAS before 2000 have contributed their ideas to make future years even better. Just like the junior members, we're learning and growing.

So if you happen to see any juniors who participated in the show, tell them congratulations because, regardless of their placing, they did win. Each participant received the greatest award — knowledge they can use to propel them to the stars and the friendships to support them.
