

NATIONAL JUNIOR ANGUS SHOW 2019

Record Year

Angus youth received \$226,700 in scholarships at the NJAS, a record amount awarded by the Angus Foundation to date.

by Rachel Robinson, American Angus Association, compiled by Julie Mais, editor

As higher education costs continue to rise, the Angus Foundation raises the bar on investing in young people through scholarships. To help offset the cost of undergraduate and graduate degrees, 90 juniors received scholarships that totaled \$226,700 during the 2019 National Junior Angus Show (NJAS).

“The Angus juniors are the future

of our industry, and we are proud to support their growth,” says Rod Schoenbine, Angus Foundation director of development. “We are thankful for our generous donors who make it possible to invest in our juniors as they continue their secondary education.”

A five-member committee evaluates the scholarship

applications and considers National Junior Angus Association (NJAA) involvement, state association participation, leadership and other criteria. Since 1998 the Angus Foundation has awarded more than \$2.9 million in undergraduate and graduate scholarships.
