*The 18th annual Angus Foundation Golf Tournament
was hosted in conjunction with the 50th National Junior Angus Show.*

by Laura Bardot, Angus Communications

This year's Angus Foundation Golf Tournament, July 9, at Pleasant View Golf Course in Middleton, Wis., drew 71 participants and raised \$17,240, continuing the Angus Foundation's mission of education, youth and research.

"Credit for the golf tournament's success each year goes to our Angus breeders and allied industry friends who help make this fundraiser fruitful through their generous sponsorships and participation as players," says Milford Jenkins,

Angus Foundation president. "Angus comradery abounds as they come together to support our Angus youth, education and research. It is a friendly game of golf, but this enjoyable experience always positively impacts the Angus Foundation's annual budget from the critically needed unrestricted funds raised from the tournament."
