**Start today with cow status in the palm of your hand.**

- Detect estrus to improve conception rates in A.I. cows and heifers
- Monitor health and eating to catch early onset of sickness or stress
- Free up more time in your day

SenseHub™ Beef from Allflex is a new remote monitoring system that tracks and reports cow status to your operation's network of smart phones and office computers. See how it works at [SenseHubBeef.com](http://SenseHubBeef.com)
