The Angus Foundation Golf Tournament drew in 88 participants and raised more than \$25,500 of unrestricted funds to support the Angus Foundation's mission of education, youth and research.

This year's tournament was hosted July 16 at Quail Chase Golf Course in Louisville, Ky., in conjunction with the National Junior Angus Show (NJAS).

"The golf tournament was an incredible success with a record number of teams," says Rod Schoenbine, Angus Foundation director of development.

"Participants who came out to support the event were absolutely phenomenal, and we are thrilled to be able to host an engaging event that was able to bring together Angus supporters from all over the

country. We had a huge outpouring of support and a very enthusiastic group of players, which made this event amazing."
