

Central Bull Test Listing

► Compiled by **Linda Robbins**, assistant editor, and **Raney Lovorn**, editorial intern

The following list contains contact information for central bull tests known to the *Angus Journal* staff. If the test is at a different city than its contact person, the location is noted in parentheses after the test name. The dates for collecting on-test weights and off-test weights for the next scheduled test(s), as well as the date of the test sale, are noted below the contact information. As not all tests had set a schedule for their next test, and as schedules invariably change due to unforeseen circumstances, please contact the station to confirm dates and for more details.
