

# Baldrige Bros. to donate 2008 Angus Foundation Heifer

Jud and Jeff Baldrige, owners of Baldrige Bros., North Platte, Neb., will donate the 2008 Angus Foundation Heifer. Baldrige Blackcap S813, an August 2006 daughter of Rito 112 of 2536 Rito 616, is set to sell in January 2008 at the National Western Stock Show (NWSS) in Denver, Colo.

The sale of the Angus Foundation Heifer Package, an annual fundraising tradition initiated in 1980, supports the Angus Foundation, the not-for-profit affiliate of the American Angus Association that funds and supports programs involving education, youth and research in the Angus breed and agricultural industry. Funds raised will count toward the Angus Foundation's first capital campaign, Vision of Value: Campaign for Angus, which aims to raise \$11 million by Dec. 31, 2011.

Supporting the Angus Foundation Heifer Package is a tradition for the Baldrige family. Jud and Jeff's father, Jim Baldrige, purchased the first two Angus Foundation

heifers in 1980 and 1981.

Today, Baldrige Bros. still prides itself on providing customers with progressive genetics. On their web site, [www.baldrige.net](http://www.baldrige.net), the brothers explain that the goal of their Angus program is, "to provide genetics that excel in the economically important traits of efficient beef

production. To us, that means growth, fertility, calving ease, and maternal and carcass traits. And, these traits should come in a functional, sound, easy-fleshing and gentle package."
