*Welcome to Capitol Angus's Inaugural
Female Production and Bull Sale!*

It has been a rewarding and humbling experience to finally reach this milestone. The development of this sale offering has been in the making for more than seven years. We began with the purchase of a few embryos and bred heifers (1456 donor) out of the DSA New Direction 1022 female and the top pick of the McKellar Angus Sale with the purchase of Breesha Bell 2350 dam in 2013 under the guidance of Chris Earl of CK6 Consulting. These animals set the foundation for Capitol Angus's pursuit of phenotypically correct Angus cattle with strong carcass merit. Over the past several years we have acquired donors from top Angus programs across the country. Many of our top donors will be offered in this year's sale. All of our offerings are the product of an embryo transfer program utilizing its genetic multiplication power to produce elite animals over just a few years. We are offering 65 females with an average WW, YW, \$B, and \$C in the top 5%. We are offering the best of what we have produced in our program. In order to meet the challenge of a competitive marketplace and to stay ahead of the supply and demand curve, we transferred over 400 embryos this past breeding season. The sires represented in our ET program include: GAR Surefire, Plattemere Weigh Up K360, AAR Ten X, GAR 100X, Jindra Acclaim, Baldrige Xpand, Connealy Confidence Plus, Baldrige Colonel, GAR Ashland, and Mill Brae Identified. The average EPDs of our current 12 donors: CED 11/BW 0.3/WW 78/YW 142/CW 69/Mar 1.11/\$B 192/\$C 310. We at Capitol Angus are committed to meeting your expectations of today and tomorrow.

The DuVall family invites you to come preview our offering at the ranch in Whitehouse, TX or come early on sale day and enjoy some complementary Texas BeefHouse brisket!

See you at the sale,
Aaron DuVall and Tyler DuVall

Welcome to the Inaugural Capitol Angus Production Sale. One of the great virtues of America and her citizens is the work ethic and will of its people. One needs to look no further than the DuVall Family of Capitol Angus in Whitehouse, Texas to find these great American virtues. Everyday a great will to succeed and serve drive the work ethic of this family and program. The resulting product is genetically competitive and progressive in the purebred and commercial marketplace. It is and will be to the benefit of the Capitol Angus customer. The quality of the people equals the equality of the data in the Angus business, and they are both top end at Capitol.

The offering for an inaugural sale, I believe, is one of the good offerings I have been involved with in my career. A disciplined real-world approach to end-product merit, muscle and function that are represented by elite EPD profiles that are very difficult to find in any program. You will find that every animal is designed and created in their embryo transplant program. There are multiple full siblings in the females and bulls to insure consistency and quality. The freshened donors calving prior to the sale bring great value to this offering with their genetics, flush history and fresh status for the coming months. Some of the most proven and new sires are featured in the offering such as Baldrige Alternative, Poss Rawhide and Diablo Deluxe. I believe you will find the offering deep in quality and volume with many options to make wise and rewarding investments.

In closing, please watch for the videos of the offering on the American Angus Association sale page alongside the sale book. We will have some additional information closer to sale, so please feel free to call or contact us at CK6 or the owners with any questions. The DuValls and Capitol Angus are a great place to visit, so I would very much recommend, if you have the opportunity, to stop at the ranch and view the offering and meet the people. I believe you will see what I see, a program with all the parts and will to compete and build a desired seedstock brand. See you the 19th of September in the great state of Texas!

God Bless,
Chris Earl

AVAILABLE HERE

CA Jaunty Blackbird 565 - Lot 1

- Ranks in the top 25% for 18 different EPDs or \$Values including top 1% WW, YW, RADG, CW, \$B and \$C.
- 565 is the #10 YW Baldridge Alternative female in the breed and she is the only female in the entire breed with her combination of CED, WW, YW, Marbling, RE, HP, Docility, Claw and Angle.
- Her donor dam, EWA GLC 531 of 128 Weigh Up was the \$25,000 top selling lot of the Virginia Angus Association Sale. 531, flawless in her phenotype, makes her the perfect mate to the \$125,000 Baldridge Alternative.

- Due January 28, 2021
- A great opportunity to put your prefix on progressive genetics.
- Baldridge Alternative has defied the correlations with driving marbled pounds with moderation and thickness. With over 800 genomic tests against his EPD profile, he remains top 25% for 17 different EPDs or \$Values including being the only bull in the breed with his combination of CED, WW, YW, Marbling, RE, Claw, Angle, HP, Docility and brings it all in a -.1 YH to insure longevity and function.
- Great opportunity here to gain a daughter of a top donor and great bull.

D+7	+2.0	+71	+129	+29	+68	+83	+79	+54	+179	+286

- Due 10/2/2020.
- The donor dam of this pregnancy, CA Mason Caroline 335, ranks in the top 25% for 16 different EPDs or \$Values including top 1% for \$B and \$F.
- 335 is a full sister to DSA Ten X 1022 1433, who sold for \$176,000.
- The sire of this heifer pregnancy, Baldrige Alternative, was the \$125,000 top selling bull of the 2018 Baldrige Bros Bull Sale. He is the only proven bull in the breed with his EPD profile when adding selection pressure of .1 YH. He is receiving wide use for his ability to dominate phenotype, add muscle, and a balanced--at times elite--EPD profile. Great cross here with calf due shortly after the sale.

Baldrige Alternative E125 - Sire of Lot 10 pregnancy.

- Posted a 115 marbling ratio.

The DuVall family manages two businesses, a black Angus seedstock operation (Capitol Angus) and a local beef business (Texas BeefHouse). The marriage of these two businesses strengthens our focus and energy on producing premium cattle that will perform in a competitive beef market. The scrutiny of the "prime" steak market demands the performance of predictable, strong growth and high marbling genetics. Texas BeefHouse's success hinges on feed efficiency, growth and high carcass merits to sustain a pipeline of tender, well marbled beef that requires the fewest days to develop from birth to harvest. Our success is dependent on the sustainability of Capitol Angus to produce such a beef! We reap what we sew. Based on this truth, Capitol Angus is fully committed to producing cattle that will excel in the beef market. I believe commercial ranchers and Angus breeders are searching for cattle that will elevate their program to a competitive place in this market. The challenge in breeding black Angus seedstock is to keep pace with the market pressures that are driven by dynamic progressive genetics. Calving ease, growth, fertility, and marbling are the backbone of our program. At Capitol Angus, we believe that the pursuit of superior genetics cannot be at the expense of phenotype. Our selection process centers on the animal's depth of frame, feet and disposition. If our calves do not look the part, then they are culled to the terminal side of the business. These Angus steers and heifers become the engine that drives Texas BeefHouse. Our Texas BeefHouse product must meet the demands of high-quality carcass merits that yield a superior marbled product. These are the same selection pressures faced by commercial cattle ranchers in the real-world beef market. These market metrics determine what animals bring value to a ranching program. Calves need to get here easy, grow off fast and finish with strong carcass merits valued by the beef industry. At Capitol Angus, we are committed to bringing value in every animal we sell. We are committed to earning your business!

Thanks for your interest in our program.

Sincerely,
 Aaron DuVall
