# EAST CENTRAL MISSOURI ANGUS ASSOCIATION

# Spring Sale

## Sale Manager

Tim Gutermuth (314) 393-2885  
timgutermuth@gmail.com

## Herd Health

Proper health certificates for interstate shipment will accompany all cattle. All breeding-age bulls will have passed a breeding soundness exam and will either be a virgin bull or be tested negative for Trichomoniasis. All bulls are virgin bulls, unless listed otherwise. All bred females are pregnancy checked and guaranteed pregnant. All cattle selling are free of the AM, NH and CA genetic defects, DD status of the cattle is listed in the sale book.

## Sale Terms and Conditions

All cattle sell guaranteed under the Terms and Conditions of the American Angus Association. All cattle must be paid for on sale day, prior to their release, unless prior arrangements with the consignor have been made.

## Inspection of Cattle

Cattle are available for sale at the individual farms. The contact information for each consignor is located on the inside back cover of this sale book. Please contact them to set up an appointment to view their consignments.

## Junior Discount

All juniors are eligible to receive a 5% discount on one female in this sale.

## Liability

All persons attending the sale and related functions do so at their own risk. East Central Missouri Angus Association, the sale staff, nor any other person connected with the sale assume no liability, legal or otherwise, for accidents or loss of property.

## Breeding Guarantee on Bulls

All breeding age bulls have passed a breeding soundness exam and are sold as guaranteed to be satisfactory breeders. The bulls are guaranteed to remain satisfactory breeders for a 120-day period beginning on sale day. If the bull fails to remain a satisfactory breeder in this time frame, contact the consignor and either a mutually agreed-upon replacement will be provided or a sale credit will be issued for the original purchase price, minus salvage value. This guarantee does not cover death or injury.

*Thank you for reviewing our offering. I feel we have put together an impressive offering of cattle. We have decided to cancel our auction and instead will be offering the cattle for sale private treaty. Please contact the individual consignors to set up an appointment to view their cattle. They will be happy to work with you. We plan to add additional pictures and videos of the offering to our website, eastcentralmissouriangus.com and/or Facebook page.*

*Thank you,*

*Tim Gutermuth*

We've used HA Cowboy UP 5405 and this son on some of our best females, so we are keeping several replacements. We figured while this bull was still young, we'd let someone else get some good use out of him. Sired by the \$350,000 HA Cowboy UP 5405 and out of the \$35,000 Jonathan Carlson donor, Deer Valley Henrietta 2908. Check out the Claw and Angle EPDs on this guy. 1/3 semen interest was retained by Jonathan Carlson, so we are selling 2/3 interest and full possession.

A first calf heifer bred in the Herron Angus herd. She has an intriguing EPD profile combining calving ease with high growth, combined with good carcass traits. She has a 1/26/20 heifer calf at side sired by SAV Raindance 6848. While this calf is still young, she appears very stout made at this time.

If you look at the EPDs on this young cow, she is strong across the board. She ranks in the top 10% for CEM and claw, top 20% for CED, BW, Milk, and \$B. Her carcass EPDs have earned her the Certified Angus Beef brand on her registration. Her dam will be 14 years old this fall and is currently raising her fall 2019 bull calf. There is a lot longevity in this cow family, partially due to her good foot score EPDs. This cow calved with no difficulty and was raising a nice bull calf that was stepped on and died at 2 months of age. She was AI bred on 12/1/19 to E & B Plus One and pasture exposed to TWOF In Style 8207 (Reg # 19170401) from 12/13/19 to 2/12/20. Preg checked to AI date.

This is a really nice young cow that I really like and hate to sell, but we can't keep them all. Her EPDs show a really nice birth weight to yearling spread. She is sired by Deer Valley Patriot and her dam stems from the Champion Hill Elba cow family. Not only will she look great in the front pasture, but she has very solid EPDs as well. She has a really nice 9/21/19 heifer calf at side sired by TWOF Advance 7213. She was pasture exposed to TWOF In Style 8207 (Reg #19170401) from 12/13/19 to 2/12/20. Due to calve approximately 9/27/20.

This 10X daughter is from the Basin Lucy family. She is in the top 10% of the breed for WW, YW, \$F, top 15% for \$B, RADG, \$G, \$QG, top 30% for CED and BW. This young cow has produced some very good calves for us. We have retained her last bull calf to use as a clean up bull in our program, otherwise we would keep her. Bred AI to Springfield Ramesses 6124 on 11/30/19, due to calve 9/8/20.

This cow is a daughter of the popular Dameron First Impression. She has consistently produced powerful progeny for us. Her sons have been some of the past favorites at the Falling Timber Farm spring sale. She sells with a 10/2/19 bull calf at side sired by TWOF Advance 7213 (Reg #18818273). You will be impressed by the stoutness and power this young bull possesses. She was pasture exposed to TWOF In Style 8207 (Reg #19170401) from 12/8/19 to 2/12/20. Due to calve approximately 9/27/20 (ultrasound indicated bull calf).

This female will be hard to part with. She has been a great producer for us. She post a \$M EPD within the top 1% of the breed. Three daughters are being retained along with her dam and maternal sisters. She has an exceptional disposition, all of her progeny have exhibited this trait also. Her dam was a past SydGen donor, where she produced the top selling open heifer in their 2013 sale. This female is within a couple days of being the oldest in this offering and her value may be discounted because of it, but to put things into perspective her dam was 10 years old when she calved this female, she is still in production today at 16 years of age. Her 8/29/18 heifer calf at side sired by Mill Bar Hickok looks like she will be one of the high ratiating females in her calf crop. Bred AI to VAR Legend 5019 (sexed heifer semen) due to calve 10/2/20.

This young heifer was sired by the popular Jindra Acclaim and is out of a nice Bismarck daughter. She balances femininity and numbers. She ranks in the top 10% for \$B and top 2% for \$F. Her CED and yearling weight are both in the top 25% and birth weight is in the top 30% of the breed. She will be halter broke.

**ATTENTION JUNIORS**

The East Central Missouri Angus Association wants to help young people acquire high quality Angus females to start their breeding programs. To accomplish this, we offer the:

**JUNIOR JACKPOT PROGRAM**

The East Central Missouri Angus Association recently revised its Junior Jackpot Program. Purchased females to be shown during the 2020 show season will be eligible for prize money in the following shows:

Any County or District Fair  
Missouri State Fair

National Junior Heifer Show  
Ozark Empire Fair

Missouri Preview Show  
American Royal

To be eligible, the heifer must meet the following criteria:

- She must have been purchased during the Fall 2019 Sale or the Spring 2020 Sale.
- The heifer can be any open or bred heifer or calf selling with her dam.

Prize money will be awarded for any one show. For example, if your heifer wins her class, you receive \$50. If she is Reserve Grand Champion, you receive another \$50, or if she is the Grand Champion, you receive \$100. Your heifer could win a total of \$150. Prize money is offered for the show season following purchase of the heifer.

I am confident this young heifer will be a favorite on sale day. She is sired by the \$450,000 SAV Raindance out of a Forever Lady Pathfinder cow from Birks Beef Genetics. She is long bodied, thick with a big hip. The opportunity to purchase a heifer of this quality does not come along every day. Don't miss out. As a potential show heifer, she should be halter broke by sale day or take her home to raise future Pathfinder cows.

This heifer's mother has been a big-time producer for us. This calf is big, stout, and good. We plan to have her halter broke and she has the disposition for a junior show person.

# ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand. Only 3 in 10 non-parent Angus bulls meet the Targeting the Brand genetic requirements.

Minimum Genetic Requirements	Value
Marbling EPD (Marb)	+0.54
Dollar Grid Carcass Index (\$G)	+46.0

For more information on Targeting the Brand™ visit CABcattle.com.

# YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.  
You've kept all the records.

AngusLink<sup>SM</sup> combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves.

From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

**Group Age & Source:** Verifies the group age and source of the cattle

**Angus-Sired Genetics:** Verifies calves are sired by 100% registered Angus bulls

**Non-Hormone Treated Cattle:** Verifies cattle have never received hormones

**NeverEver<sup>3</sup>:** No antibiotics, no hormones, no animal by-products ever

**Cattle Care & Handling:** Documents proper management, demonstrates quality commitment

**Calf Management:** Documents preventative health program

**Genetic Merit Scorecard<sup>SM</sup>:** Measures the genetic merit of calves for feedlot performance and carcass merit.

*\*Optional, not part of the PVP claims*

Easy and affordable, our customer service representatives walk you through the process.
