## SUPPLEMENTAL INFORMATION:

A supplemental sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over sale book information.

*Dear Beef Producers,*

*In 1957 I purchased 13 Hereford heifers and an Angus bull. Since then I have seen the herd grow and change, including several new exotic breeds come and go and I seem to have tried them all, but I always had an Angus bull somewhere in the program.*

*For more than 15 years we have raised purebred Angus seedstock and I can safely say that through select AI breeding, embryo transplant and heavy culling, they have improved each year. In the many sales I go to each year I can usually find something I think will improve our herd, I hope you can find something in this sale that will work in your herd.*

*The bulls in this offering are easy calving, long, wide, deep and fast growing like everyone wants. The cows are the kind that produce these kind of calves.*

*Come early, view the cattle and have lunch with us.*

*Sincerely,*

*Garland and Beverly*
