

FEMALES

OF THE

Fall

VOLUME ONE

SATURDAY, OCTOBER 24 | 1 P.M. | HARRISONBURG, VA

Dave Mullins, Auctioneer • 4141 W. Hwy 36 • Danville, IN 46122

Dear Friends,

It is with great pleasure that I introduce and welcome you to the Inaugural Females of the Fall sale. To say that I'm excited about this new event, would be an understatement. As soon as you begin to preview the sale offering, I hope that you are equally as pleased as I am, with the incredible quality that is being offered, by some of the industry's most proven and successful operations. My goal and intention was to assemble a group of breeders and genetics that ultimately would present investment opportunities and appeal to virtually every Angus enthusiast, irregardless of size and direction of their operation, and I feel like this event truly offers something for everyone. There is sincerely some historical opportunities available in this offering, that have never been presented to the general public, and may never be offered again, and they are backed by reputable firms and true production cattle that have earned their respect within the breed, the old fashioned way, they've worked for it.

Among the highlights for this event are some absolutely incredible frozen genetics, backed by some of the world's most impressive donor cows, young genetic gems that are destined for the donor pen, rare semen options, elite young pairs, and banner bred show heifer prospects, that will all meet your expectations. With the diversity of genetics and a group of consignors from ten different states, we have for your convenience, provided an online bidding option. Please, prior to sale day, visit www.salering.live, and register to bid during this live event. For those you wanting to partake in the rich Angus history and breathtaking Fall foliage that Virginia has to offer, we invite you to make the trip to the beautiful Shenandoah Valley, in Harrisonburg, Virginia, to participate in this exciting event.

Should you have any questions, please do not hesitate to contact me. On behalf of an outstanding set of consignors and myself, I thank you for your time and consideration.

Sincerely,
Dave Mullins; Auctioneer
317-503-2798

• Consigned by: Knoll Crest Farms

• With the horsepower being offered in this event, it takes something truly special to represent Lot 1, and this particular opportunity fits the bill. 9705 is the dam of KCF Bennett Summation, KCF Bennett Optimizer, KCF Bennett Fortress, KCF Bennett Immense, KCF Bennett Citation, and KCF Bennett Assent, as well as the \$65,000 2020 Angus Foundation heifer that sold to 44 Farms.

• At eleven years of age and with 108 progeny genomically tested, 9705's EPD profile continues to strengthen, and no other cow in the breed can match her unique combination of CE, growth, marbling, ribeye, moderate stature, \$EN, \$W, and \$B. Her longevity, foot quality, udder structure, moderate size, and fleshing ability also set her apart. Currently, 9705 records 5@100 BWR, 5@109 WWR, 5@109 YWR, 60@101 IMF, 60@101 RE, and maintained a 364- day calving interval until becoming an ET donor.

2 PICK OF THE HERD FLUSH

• *Consigned by: Musgrave Angus*

• A historical opportunity here. One of the most progressive and successful firms in America has opened up the treasure chest in a way that they have never done before. Musgrave Angus is offering the opportunity to flush any cow within their herd. That's right, you will work with Tyler Musgrave to select your choice of females within the entire Musgrave program, and you'll have the privilege to flush her to any bull of your choosing. **Furthermore, you will be guaranteed a minimal of 6 embryos via conventional flush, and you will keep the entire flush, without any restrictions.** The firm that has produced nationally and internationally recognized herd bulls such as Musgrave 316 Exclusive, who currently ranks #1 in semen sales for ST Genetics, Musgrave CrackerJack, the #4 high selling bull at ST Genetics, the legendary Musgrave Stunner, and the Semex and Peak Dot Ranch herd-sire Musgrave Colossal, who's mother will remain a centerpiece of the Musgrave ET program moving forward. Selection of the donor cow must be completed by December 1, 2020.

- A unique opportunity to tie into the valuable dam of the high-demand Montana Ranch and SAV herd sire, Benchmark 9016.
- Joanie 3063, the definition of maternal productivity and femininity, is angular, ideal in her udder structure, and great footed. A pathfinder dam, she came to Montana Ranch as the top-selling female of the Mill Brae Dispersal, and records progeny record of 5@105 WWR, 5@109 YWR, 6@99 IMF, 6@107 RE.
- Genetically designed for end product excellence, Alternative E125 was the \$125,000 popular top selling bull of the 2018 Baldrige Brothers sale. His first calf crop, with more than 1,000 genomic progeny, have earned Alternative a place among the breed's elite sires for his combination of outstanding type and balanced EPD profile, showing up in the top 1% of current sires for \$Beef and top 2% for \$Combined. **Offering 4 frozen embryos with a 50% pregnancy guarantee.**

• Consigned by: **Montana Ranch**

- This special mating combines two of the brightest stars in the Montana Ranch program.
- Emblynette 8255 is a beautiful full sister to the \$230,000 SAV Territory 7225 featured the ST Genetics lineup. Powerfully -constructed, long-spined, with expansive rib shape and stands on incredible hooves. 8255 ranks among the breeds top 3% for HP; the top 10% for WW, YW, and CW; and in the top 15% for RE.
- Attractively patterned with true Angus breed character and tremendous herd sire presence, Atlantis 8060 is expressively muscled, deep sided, bold ribbed, and long-spined. Atlantis exemplifies optimum growth in the right package and his genotype indicates superior early growth, coupled with reduced mature size. In fact, no other bull in the Angus breed can match his combination of BW, YW, MB, RE, \$EN, \$M, and \$B. **Offering 4 frozen embryos with a 50% pregnancy guarantee.**

- This incredible offering comes to you again from Raines Angus and offers an incredible blend of elite and nationally respected genetics. 4291, is a household name to many of the nations most progressive breeders, and is the \$260,000 valued donor that currently resides as a donor in the Venado Creek program. Furthermore, her legendary dam is SJH Complete of 6108 1564, who has amassed over \$3,000,000 in progeny sales, helping anchor the ET program for Vintage Angus in California and Crazy K Farms in Tennessee. In a previous Crazy K production sale, a maternal pregnancy sold for \$55,000, while sisters sold for \$24,00 and \$22,500. Bobcat Blue Sky is the Sky High son that is a member of the ST genetics, that combines eye popping phenotype with a \$C figure that ranks in the top 4%, along with \$M and \$B values in the top 10% of the breed. **Pregnancy is due to arrive on 4/28/21.**

• 706 is a direct daughter of the now deceased and highly sought after Connealy Confidence Plus. 706 is a young female that is absolutely impressive in phenotype, being moderate in stature, powerful in her build, all while being ideal in her foot quality, udder structure, and structural integrity. This impressive 3 year old also boasts an impressive genomics profile that places her in the top 1% of the breed for \$C, 2% for foot angle, \$B, and \$F, and top 3% for CE and RE. It's a rarity to find a female with this balance of phenotype and genetic potential. **Take advantage, you are buying the right to flush this female to the bull of your choice, guaranteeing you a minimum of 6 high quality embryos, with a maximum of 10 embryos.** The cow is due to calve October 8th, and should be available to flush in late November.

• **Consigned by: Cool Pines Farm**

• 1515 is quickly proving herself to be an elite donor female for Cool Pines Farm and CJ Shelton, backing it up with an impressive resume, already generating nearly \$70,000 in progeny and embryo sales. Sale topping offspring and banner winning females include Cool Pines GMC Lady 3159, a direct daughter that went on to be selected and the Grand Champion Bred and Owned female at the 2020 MAJAC show. As a show heifer, 1515 assembled a track record that includes Supreme Champion Female at the Maryland State Fair, and is out of Fancy Chance 65, the Grand Champion Female of the National Western Stock Show, in Denver, Colorado. Here is your opportunity to acquire show ring dominating and income producing genetics. **You are bidding on a flush to the bull of your choice, that will guarantee you no less than five embryos, and a maximum of 10 embryos.** The buyer assumes all costs associated with the flush.

• Consigned by: Miller Farm LLC

• A national highlight and sale feature from Miller Farm. This fancy heifer calf combines the highly touted Sydgen Enhance with the #1 \$B and #2 \$C cow in the entire breed, N985. N985, the recent addition to the donor pen at Ankony Farm, in Clarkville, Georgia, has assembled a track record like no other cow in the breed, and she has done it the old fashioned way, she earned it. This direct daughter of Enhance is destined to be a donor female and foundation female for years to come, bringing to the table a truly elite set of performance records that include 7 different EPDs and \$values that rank in the top 1% of the breed, including WW, YW, RADG, CW, \$F, \$B, and \$C. A special female that offers improvement and profitability to every single breeder in America.

• In addition, this purebred recipient cow is carrying an embryo by the Miller farms donor MA Sure 5E1 (AAA # 18933929), by GAR Ashland, and is due 6/2/2021. A once in a lifetime opportunity here. Miller Farms is retaining one future conventional flush, at the buyer's convenience, and the breeder's expense.

• The Cowman's kind is represented in this sale feature. One of the most authentic and highly productive females in America, 0267, came to GMC Farms as the pick of the cows in the 2018 Connealy Angus Sale in Nebraska. This impressive female has produced two sons that have been featured at both Select Sires and ABS Global AI studs, garnering \$45,000 and \$32,500 each. Furthermore, she has earned progeny weaning and yearling ratios of 101 and 104, respectively on six natural calves, after earning individual ratios of 107 WWR, 118 YWR, and 118 IMF. This September heifer is sired by the wildly popular Confidence Plus, and is destined to be a foundation female for years to come.

• Cutting edge genetics and a truly unique investment opportunity is being offered here, by GMC Farms. This young lady is a maternal sister to one of the hottest bulls in America, the now deceased Hoover No Doubt, and is sired by the legendary Confidence Plus. The \$300,000 valued donor dam of this January heifer ranks in the top 25% for 15 different EPDs and dollar values, including the top 1% for docility, 4% \$M, and \$C. Additionally, in the 2018 Bases Loaded Sale, four frozen embryos sold for \$40,000, while four pregnancies have sold at public auction, averaging \$15,750 respectively. Hoover No Doubt bulls and females have been wildly popular, across the entire country, consistently bringing power and marketability to the forefront. This heifer brings a pedigree to the table that is not only dynamic, but extremely rare. A front pasture donor for many years to come.

An awesome opportunity to acquire a direct daughter of the highly productive and firmly proven dynamic donor Y79, that anchors the ET program at Uwharrie Ridge program. This direct daughter of Payweight Plus 6048 is a rare combination of outstanding phenotype and elite genotype, as this eye catching female offers 13 different EPDs and dollar indexes that rank in the top 25% of the breed, highlighted by being in the in top 1% for SC, 2% PAP, 3% HP, 4% \$W, and 10% for WW, and YW. Her incredible dam originated from the Yon herd and is arguably the best direct daughter of their N170 donor that has been a cornerstone for their incredible program. Currently, Y79 has generated over \$400,000 in progeny sales, including offspring selling for \$19,000, \$17,000, \$15,000, \$14,000, and \$7,500, respectively, and is backed by a track record that includes 101 recordings in AHIR, with a dam who boasts ratios of 4@102 WWR, 4@105 YWR, 156@109 IMF, 156@101 RE. One of the last chances to acquire a genetic piece from this dominant cow family.

• A fantastic young cow from the Stone Wall program to lead off the Spring pair division. 03D is an impressive individual that has the look and style to make show cattle prospects, and enough power and density to make production females and herdsire candidates. 03D maintains a tremendous production record and compliments it with an extremely well balanced set of performance indicators. The nationally recognized grandmother of this young cow is the prestigious 8014, the foundation donor for the Stabler firm in Maryland, that won Grand Champion Honors at the National Western Stock Show, in Denver, Colorado.
