Dear Angus Friends,

We look forward to seeing you October 24th for the Rock Creek Livestock Female Sale. We could not be more excited about the depth, quality and uniqueness of the sale offering. Every year we try to offer some of our best genetics at auction and this year is no exception. Roth Angus and Kemnitz Angus are joining us this year offering quality bred heifers, cows and heifer calves from top cow families in their herds.

The heifer calves and cows are mostly AI sired and out of an AI sired cow. Many of these cow families have produced high selling females and bulls at previous sales, and their daughters and granddaughters continue to prove themselves in our herd.

We are offering a select group of ET heifers from our Embryo Transfer program. These calves are from our top cows and offer both junior projects and brood cow prospects. A special thank-you to Clarence Wurtz, Ray Wipf and their crew for their hard work and dedication with the ET calves.

Also offered in this year's sale are a select group of Simmental influenced heifers the sires of these heifers offer maternal traits, and phenotype.

We thank all our past customers for their faith and confidence in our program; we enjoy hearing about your ongoing successes. Thank-you for interest and support, feel free to call on us for any assistance you may need. We hope to see you Saturday, October 24, at Mitchell Livestock Auction, Mitchell, SD.

Sincerely,

*Kevin, Helen, Sydney, Weston and Kylee Geppert*

First we would like to thank the Geppert family for inviting us to this outstanding sale. The Gepperts have had great female sales in the past and to be asked to bring some of our genetics here to sell is an honor.

We are selling three different cow families in this sale. The Beauty, Lucy and Everelda Entense families are a major part of the foundation of our herd. These families have consistently produced bulls for our annual bull sale and also very maternal replacement females for our herd.

Please call with any questions or stop by before the sale to view the females.

*Craig, Heidi and Family*

**ROTH**  
**Angus Ranch**

Thank you to the Gepperts for inviting me to participate in this year's event. The females I have selected for this year's sale represent not only some of the top females in my herd, but some of the elite cow families in the breed. The pedigrees of these females will show you a maternally strong genetic profile as indicated by both the cow families and the sires. Notice, also, the direction these cows will take you by the unique, natural matings to them.

If you are looking for something a little different, genetically clean and maternally strong, give these females your consideration.

*Paul Kemnitz*
