### INSPECTION OF CATTLE:

Bulls are at the sale site and are available for inspection at any time.

### EPDs:

The EPDs in this sale book are from the Spring 2010 Sire Summary.

### HERD HEALTH: (TESTED BVD PI<sub>3</sub> NEGATIVE.)

All cattle will be accompanied by proper health certificates for immediate shipment out of state. All bulls are scrotal measured and semen tested. Scrotal measurements will be provided on a sale day supplement sheet. The bulls have been vaccinated with 8-Way and for IBR, P13, BVD I & II, BRSV, Lepto 5, Multi Min and given Ivomec Plus injectable. Herd health and semen testing done by Dr. Doug Corey, Associated Veterinary Clinic, Walla Walla, WA.

### RETAINED INTEREST:

Kessler Angus is retaining one-third revenue sharing semen interest in all bulls selling. Buyer will receive full possession and full salvage value on bulls.

### IDENTIFICATION OF SALE CATTLE:

White tags correspond with the sale book lot numbers. Blue tags correspond with tattoos.

### LIVESTOCK MORTALITY INSURANCE:

A representative from American Livestock Insurance Company will be available to assist you with mortality insurance for your purchases.

### TERMS AND CONDITIONS:

All cattle sell under the Terms and Conditions as recommended by the American Angus Association. All supplements to the sale book or announcements made from the block take precedence over what is written in this book.

### FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$2,000 or more will be covered 50% by Kessler Angus if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

Fifty percent of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Kessler Angus and the buyers. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2010.

Example 1: A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half of any salvage value will be given to the buyer.

Example 2: A \$2,000 bull is injured and will not heal. A credit of \$1,000 minus one-half of any salvage value will be given to the buyer.

Example 3: A \$1,750 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

### DELIVERY:

Free delivery within 400 miles or bring your trailer and pick up your bulls by February 21 and receive a \$50 credit per bull. Bulls will be delivered between March 15 – April 1.

### SALE LOCATION:

Please see map on back cover.

### FOOD AND REFRESHMENTS:

A complimentary lunch will be served beginning at 11:30 A.M. on sale day. Hot and cold refreshments will be available at the sale site. Coffee and donuts will be provided in the morning, compliments of Northwest Farm Credit Services.

### LIABILITY:

All persons attending the sale and related functions do so at their own risk. Kessler Angus, its employees and representatives assume no liability, legal or otherwise, for any accidents or injuries that may occur.  
\*Each bull will be at the buyer's risk as soon as the bull is sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the well being of the bulls sold.

Visit the *Angus Journal*® Web site, [www.angusjournal.com](http://www.angusjournal.com), and view this sale book online.

Dear Fellow Cattle Producers & Friends:

It would be our pleasure to have you attend the Kessler Angus Bull Sale. We have an exciting set of bulls to offer that we're very proud of.

Half the bulls in this offering are calving-ease bulls backed by several generations of calving-ease genetics. The other half represents growth bulls with moderate birth weight and strong growth.

Come to Kessler Angus knowing we've spent 48 years breeding the kind of cattle that have kept us in business--concentrating on traits such as calving-ease, disposition, mothering ability, reproductive traits, milk, ribeye and marbling.

As a special sale feature, we are offering as Lot 1, a flush of Kesslers Bell 0024, (the dam of Kesslers Frontman R001) to the bull of the buyer's choice. This is an opportunity to add a different genetic line to your herd!

At weaning time, the bull calves are sorted and penned here at the ranch where they remain until sale day. The bulls are hand fed twice a day, receiving long hay and a minimal amount of grain. They are fed to be grown out and not fat, ready to go to work at turnout. These bulls have been semen tested and tested BVD free. We offer free wintering until April 1 and free delivery within 400 miles.

We are always available to discuss your breeding program or ours. The bulls are available to look at anytime, so if you prefer to take your time and study the bulls and the numbers, feel free to come and spend some time out in the pens. If you would like help with your bull selections or can't make it to the sale, we can make those selections for you with our personal guarantee that if you don't like the bulls when you get them, you don't own them.

Thank you for taking the time to view our sale book. If we can answer any questions or assist you in any way, feel free to give either of us a call. We hope to visit with you on sale day!

Sincerely,

*Randy, Dawn, Tierra, Cheyenne + Cody*

The Kessler Family

*In Memory of Ervin Kessler. Randy's Dad was always willing to sit on a tractor, run parts, drive feed truck or anything else we needed help with. Ervin passed away in July and it's just not been the same without him driving in and out of the lane to see what the guys are doing. We miss you, Dad!*

*The Kessler Family  
Tierra-17, Cheyenne-14, Dawn, Cody-11 and Randy*

- The dam of Kessler's Frontman R001. The Frontman Syndicate recently sold one-quarter interest and no possession in their share of Frontman at the Trowbridge Family of Friends Sale in Denver during the NWSS for \$47,500. Purchasing this share was ABS Global, Southern Cattle Co., Ray Mar Farms and Spruce Mountain Ranch, LLC.
- Kessler's Bell 0024 is the fifth generation of negative birth weight females on the bottom side of her pedigree.
- The Rancher daughters in our herd have made great cows!
- 0024 ranks in the following percentiles amongst all current dams: Top 1% CEB, BEPD. Top 2% CEM. Top 3% \$W. Top 10% MILK, \$G, \$YG. Top 15% RE EPD. Top 20% MARB, \$QG.
- Bell 0024 records a progeny birth ratio of 93 and a wean ratio of 103 on seven calves.
- Here's an opportunity to introduce new genetics into your herd!

0024's 2009 heifer calf sired by HARB Pendleton JH 765.

- Herd Sire Prospect.
- Here's a Frontman son out of a Traveler daughter just full of muscle!
- He's got a nice quarter, long side and hip, deep flank and straight top that is put together in a stylish package.
- He made several friends last summer and fall.
- BR @ 80; WR @ 103; YR @ 105.
- Dam production: BR 7@88; WR 7@99; YR 5@99.
- His dam is a hard-working, calving-ease cow that always brings in a good one. Four daughters are retained in our herd.
- Ranks in the top 1% CED, BEPD, CEM; 3% \$W.
- Interesting pedigree and an individual that should mature into a powerful bull!

- Herd Sire Prospect.
- Take the time to look over this calf. A different pedigree with a lot of style to him!
- If you need to add muscle, you need Medicine Man. This bull is wide based and moves out on a good set of legs, has nice bone, a deep flank and a nice front end. Here's a bull that has a thick quarter and carries that muscle down into his stifle.
- BR @ 95; WR @ 105; YR @ 104.
- Dam production: BR 11@99; WR 11@99.
- Dam is a 13-year-old cow that has earned her right to stick around here.
- Ranks in top 2% \$W; 5% BEPD; 10% CED.
- Probably not a heifer bull--we suggest you use him on cows the first year.

- Ranks in top 15% \$F; 20% YEPD, MILK.
- Dam and grandam are Pathfinders.

**THE ONE WITH LIVER FLUKES COULD COST YOU \$360.**

**SO, WHICH ONE IS IT?**

The one with liver flukes stands a good chance of being open to her, a yearling (we're sorry, you proved that wrong) her flukes can reduce pregnancy rates by 33%. That's scary when the cost of keeping a cow open is \$365. Not to mention you don't have a calf to sell. The problem is, there's no good way to tell which animals are infected. Flukes are spreading, and it doesn't take much to introduce them to your herd: just a load of infected cattle or hay or a stream carrying infected water can put your cattle and your profits at risk. Why not the choice? Prevent liver fluke losses with IVMEC® Plus (ivermectin/moxidectin). One IVMEC Plus hit (ivermectin) kills worms and external parasites like chorioptes and lice, all in a single treatment! (See your animal health specialist today.)

**DON'T TAKE A CHANCE.**
