

KIAMICHI LINK RANCH

ANGUS BULL SALE

NOON, SATURDAY, APRIL 17, 2010
FINLEY, OKLAHOMA

Welcome
to

KIAMICHI LINK RANCH

On behalf of everyone at KiamichiLink Ranch, we would like to welcome you to our Inaugural Bull sale on Saturday, April 17, 2010. We are very excited about the genetics that we will be offering in this event and feel confident that these bulls are the right kind to have a positive impact on the beef industry.

Many of the bulls selling are the product of our embryo transfer program. Over the past few years we have selected what we believe to be key genetic tools to add to the KiamichiLink program in the form of proven and powerful donors. Many of the donors we have selected represent cow families that are known to transmit power and performance along with top maternal and carcass traits. As you study the sires represented in this offering you will find that we have used bulls that will further accelerate the genetic profile of the females in our cow herd. These bulls we have used are bulls known to be proven for calving ease and breed leading maternal traits without sacrificing performance and breed leading carcass traits.

We are confident that the bulls selling are sound functional bulls with the right ingredients to have an impact. They have been raised right here in a rugged, harsh environment and are ready for heavy service. We look forward to having visitors stop by any time prior to the sale to go through the bulls and personally invite you to be with us for the sale which will begin at noon on Saturday, April 17, 2010 at the ranch headquarters in Finley, Oklahoma. Please let us know if we can help or be of assistance in any way.

Sincerely,

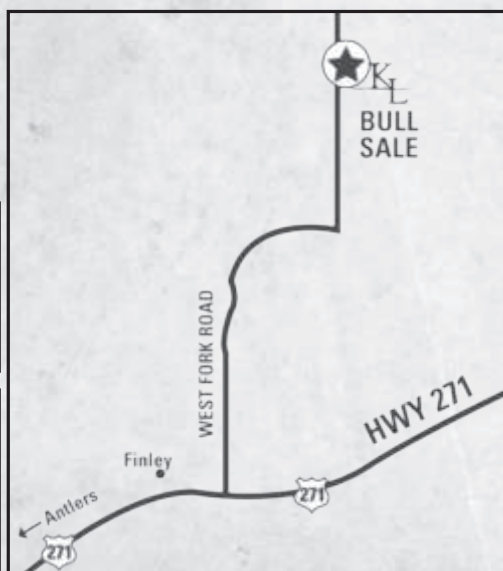

Tucker Link
