# LESIKAR RANCH

Greetings Cattlemen and Friends,

We would like to take this opportunity to welcome you to the Inaugural Lesikar Ranch Bull Sale on Saturday, February 27, 2010, being held at the Texas Cattle Exchange in Eastland, Texas.

Ranchers of all types know that one of the easiest ways to help increase profitability is through the genetics of the bulls being used to sire their calves. These bulls being offered are from a program designed to focus on balance, not extremes, with a strong emphasis on carcass merit and efficiency.

The bulls in this sale have been born and raised at our ranches here in Texas. All of the bulls are virgin bulls, sound, ready to work, and guaranteed.

Along with our offering of registered bulls, we will have a set of high quality commercial bulls in the sale. Lesikar Ranch bulls are used in the commercial operation at our Llano County Ranch. The resulting feeder calves which are shipped are generally always bringing a premium.

All calves sired by registered Angus bulls will qualify for the AngusSource® program. For those who are not familiar with this program, please be informed that by entering into this program and tagging the calves with AngusSource tags, it makes the calves eligible for certain benefits such as guaranteeing Angus genetics, verifying source and age, and giving the opportunity to qualify for Certified Angus Beef® regardless of hide color.

The bottom line is always getting more bang for your buck. Through the genetics of the bulls we are offering you, the pay weight and dollars coming back into your pocket is something you cannot miss.

Please feel free to contact any of us if you have any questions about the bulls being offered. We appreciate your time and look forward to seeing you.

# A Program and Tag Option to Meet Every Producer's Needs.

The American Angus Association® operates the industry's leading Process Verified Program (PVP) for source- and age-verification. The PVP offers two levels of verification and multiple program compliant tag options.

The premier verification option for producers using registered Angus bulls.

AngusSource verifies

- Source
- Age
- Genetics

AngusSource is the only program to guarantee a minimum of 50% Angus genetics.

**A NEW second tier verification option.**

Gateway verifies

- Source
- Age

Gateway has no genetic requirements.

There is a \$50 fee per enrollment group. Producers must complete training and calf enrollment via phone prior to ordering tags.

***"We like to feed Angus cattle because of the superior genetics. Having that coupled with the verification through AngusSource gives those calves an advantage during their time in the feedlot and when they are marketed. It is a combination that is hard to beat!"***

**Mike & Terry Beller  
Beller Feedlot, Lindsay, Nebraska**

For more information or to request an enrollment form contact AngusSource at 816-383-5100 or [angussource@angus.org](mailto:angussource@angus.org) or visit [www.angussource.com](http://www.angussource.com)

## Why Verify?

### Real World Results

Data collected from Superior Livestock, June-September 2009, indicate that cattle enrolled in age- and source-verified programs received \$1.57 per hundred weight (cwt.) more than calves that were not source- and age-verified. The data also suggested that calves enrolled in AngusSource had a \$1.08-per cwt. advantage over other source- and age-verified programs, bringing the **total value of AngusSource enrollment to \$2.65 per cwt.**

### Marketing Support

**Marketing support.** An online listing site and weekly e-mails expose your cattle to more than 600 individuals who are interested in AngusSource and Gateway cattle. Free with enrollment!
