

23rd Annual
Angus Bull Sale

Selling 64 Lots

FEBRUARY 1, 2020 • NOON

Cullman Stockyard • Cullman, Alabama

A few words from one of the founders of this sale

Dear Cattlemen,

First, on behalf of myself and the consigners we would like to express our thanks to Jarvene and Pat Shackelford with American Livestock Brokers for their help and management of this sale over the past twenty-two years. It has been a pleasure getting to know them and work with them. Jarvene has decided to retire from sale management but will still be auctioneering sales.

Mark Sims with Sims Plus, LLC is taking over the management of this sale. Jarvene has agreed to help any way he can to see that we have a good transition. We welcome Mark and know he will do a good job for everyone. Please feel free to introduce yourself to him and get to know him. If you would like to talk to him about the bulls or cattle in general, his phone number is (580) 595-0901.

Thank you to all who have purchased bulls in the past or just attended this sale. I feel this year's offering is outstanding! The consignors in this sale have once again compiled a stout set of bulls, sired by breed leading sires. We look forward to seeing you at this year's sale. Be sure to tell your friends about the sale and if I can help you in any way feel free to call (256) 506-4353 or (256) 878-1782.

Sincerely,
Dale Parris

BUY BULLS ON TARGET

Genetic Recommendations:

	Value
Marbling EPD (Marb)	+ 0.54
Dollar Grid Carcass Index (\$G)	+ 46.0

The Targeting the Brand logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the Certified Angus Beef® brand. Bulls must be at least breed average or better for Marbling EPD and \$Grid of non-parent Angus sires to qualify for use of the Targeting the Brand logo. Even when these numbers do not appear on the sale book listing, the logo gives you confidence that these minimum genetic requirements are met. Actual EPD requirements are outlined below based on the breed averages from the Fall 2019 Angus Sire Summary.

To learn more about how commercial cattlemen can further utilize the Targeting the Brand logo in marketing genetically superior feeder cattle, visit www.AngusLink.com

Friends and Fellow Cattlemen,

For the 23rd consecutive year, the Northeast Alabama Performance Breeders have come together to bring you a stout set of Angus bulls. The consignors in this sale work diligently year in and year out to breed and develop outstanding herd sire prospects. The bulls in this offering are backed by breed leading genetics and excel for a variety of traits. All of the bulls in this offering have passed a Breeding Soundness Exam and are ready to go to work for you.

Make plans to join us Saturday, February 1, 2020 at the Cullman Stockyards in Cullman, AL. If you would like to view the bulls ahead of the sale, the bulls will be available for viewing by noon, on Friday, January 31st. If I can be of any assistance, do not hesitate to contact myself, or any of the consignors in this sale. We look forward to seeing you on sale day!

Thanks,

Mark C. Sims
