We certainly appreciate your interest in our cattle, and it is with bittersweet emotions that we have made the decision to exit the purebred cattle industry at this time. We have really enjoyed working with these great Angus cattle, and we really hate to see them go, but it is time for the Plummer family to turn over another leaf in this journey called life.

Nonetheless, we feel that we have put together a really great set of Angus cows that are stacked with breed-leading genetics that can benefit the most discerning cattleman. These are truly performance oriented Angus cattle, and you won't be disappointed in what they can do for you. We have really been pleased in the performance, docility, and fleshing ability of these cattle in our operation, and our bull customers have certainly been pleased with the commercial calves resulting from these powerful genetic packages. We can't thank our past bull customers enough for their loyal support of our program.

It has been our pleasure to raise and manage these cattle over the past several years, and we hope you will take advantage of this opportunity to not only own some of the best the Angus breed has to offer, but to also enjoy these cattle as much as we have.

Again, we sincerely thank you for your interest in our Angus offering, and we look forward to seeing you at the sale in Montgomery, AL on May 21.

The Plummer Family
