SALE LOCATION: 5728 Poindexter Road, Louisa, Virginia

Directions:

From Northern Virginia: Take Route 15 south to the town of Gordonsville, VA then take Route 33 east (left) 9 miles to stop sign. At Route 22, turn left on Route 33/22 and go 50 yards then turn right on Poindexter Road. Go 4.5 miles and farm will be on your left.

From Charlottesville or Richmond, Virginia: Take Exit 136 Zion Crossroads. From I-64 go south on Route 15 one mile to stoplight then turn left on Route 250. Go one mile then turn left on the first road to the left, Poindexter Road. Go 5.7 miles and farm is on your right.

ACCOMMODATIONS:

Best Western Crossroads Inn & Suites (540) 832-1700
 135 Wood Ridge Terrace, Gordonsville, VA (5 miles from the farm)
 Whistle Stop Bed & Breakfast (540) 967-0938
 318 W Main Street, Louisa, VA (9 miles from the farm)

Visit the Angus Journal Web site, www.angus.media and view this sale book online. References: American Angus Association®, AHIR®, AngusSource®, CAB®, Pathfinder®. EPDs current as of April 16, 2018. Updated EPDs can be viewed online at www.angus.org.

TERMS AND CONDITIONS: All cattle are to be settled on sale day unless prior arrangements have been made. Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

NOTICE: PAYMENTS

John L. Spiker Auctions LLC has taken on the responsibility of collecting all proceeds of Quaker Hill's Production sale, including proceeds for all guest consignors. All buyer numbers will be issued only with valid ID. Payment is due day of sale by cash, check or credit card. All cattle are to be paid for during or immediately after the sale and will not be released until proper settlement has been made. Those purchasing cattle through a sale consultant are asked to make appropriate arrangements through them for immediate payment. Also, embryos and embryo recipients will not be shipped or released until settlement has been made. If one wishes to pay by wire transfer, that routing number will be available sale day. (304) 677-0255

LIABILITY: All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and the sale staff assume no liability for property loss or any accident that may occur.

HERD HEALTH: All cattle will be accompanied by proper health certificates for immediate shipment.

TRUCKING: Trainers believed to be reliable will be available to assist you in shipping your purchases.

DELIVERY: Free local delivery on bulls. We also offer free nationwide delivery on bulls over \$4,000.

LIVESTOCK MORTALITY INSURANCE: Your cattle purchases may be insured at the clerk's desk.

SUPPLEMENTAL INFORMATION: A supplemental sheet will be available sale day with complete and up to date calving information. Announcements from auction block regarding the cattle selling in this sale take precedence over information listed in this catalog. Up-to-date genetic recessive status can be viewed online at www.angus.org.

SEMEN INTEREST: A 50% semen revenue sharing interest will be retained in each bull selling or the buyer will be able to double the bid and take 100% semen interest, unless otherwise stated in this sale book.

FOOD AND REFRESHMENTS: Available sale day.

On behalf of the American Angus Hall of Fame, it is a pleasure to work with the Rosson family on this great event. This event marks a Rampage and Firestorm extravaganza and these two bulls certainly need no introduction to Angus breeders as they are two of the hottest sires in the industry and Quaker Hill Rampage is one of the top \$Beef bulls and one of the most profitable bulls in the entire breed; his offspring are certainly making a lasting impact throughout our industry.

As you flip through the sale book, you will find some of the very best genetics anywhere in the country as the consignors have put their best foot forward into this event and brought an outstanding set of elite, high numbered cattle backed by breed-leading cow families.

Whether you are in need of a new donor, elite heifer calf, service-age bull, profitable pregnancy or some top end embryos, please plan to be with us on Saturday, May 5th in Louisa, Virginia. If we can be of assistance in any way, please feel to contact the farm or the American Angus Hall of Fame at (816) 532-0811.

Sincerely,

 Tom Burke

Fellow Cattle Breeders,

Thank you for taking the time to review our sale offering. We very much appreciate your constant support and business over the years. We continue to be impressed by the Blackcap cow family and the international prominence they have earned as one of the top genomic cow families in the entire Angus breed. Rampage, Firestorm and Manning are the culmination of what we have been trying to achieve: low birth weight, high growth cattle that excel in end product merit without sacrificing phenotype. Quaker Hill Rampage OA36, is leading the ABS Global lineup as one of the elite calving ease, top growth and ribeye bulls in the entire breed. Our cattle are run in a real world commercial environment on fescue grass and they are expected to perform without pampering.

On behalf of the Rosson family I invite you to attend our Spring production sale. I think the quality and genetic worth of our Angus program is well represented in this sale book. We are very bullish on the cattle business. We are in unprecedented times in the cattle business. The future of the beef business is very bright. Take this opportunity to upgrade your genetics to ensure your herd's future profitability.

Thanks for coming,

Charles and Lee Rosson

THE BIRTH OF THE BREED LEGEND - QUAKER HILL RAMPAGE 0A36

What a historic day, September 11, 2010, was - the birth of Quaker Hill Rampage 0A36 on the legendary Quaker Hill Farm near Louisa, Virginia. The story begins over 160 years ago with the birth of Lady Craigo, Reg. #689, born in the mother church of Angus cattle, the country of Scotland, under the ownership of Mr. Carnegie, the owner of the Craigo herd. From this very modest beginning the dynasty was to be built which would lead us to Quaker Hill Rampage 0A36 and the Quaker Hill Blackcaps.

The maternal strength of the Quaker Hill Rampage 0A36 pedigree is extremely deep and strong but few people are privileged to know the history behind this epic sire and the Quaker Hill Blackcap family that has taken the Angus world by storm. The descendants of Lady Craigo, Reg. #689, excel in the W.A. McHenry herd at Denison, Iowa, and the Rosemere herd at Maquoketa, Iowa. The Blackcaps were nearly lost in history in the late 40's when a Virginia farmer who had fallen on hard times offered his precious Blackcap cow along with three other Angus heifers to settle a bad feed debt that had occurred on his poultry flock. The set of Angus heifers went on to become the foundation nucleus of the Sunny Slope Angus herd for brothers Charles and Bill Wampler of Dayton, Virginia. The next 60 years the Wampler brothers were pioneers and innovators in both the Angus and poultry businesses and became legends in the field of agriculture not only in Virginia but the entire nation.

Under the watchful supervision of the Wampler brothers the herd continued to grow and expand. They were one of the original poultry integrators owning Wampler-Longacre Chickens and Turkey, a well-respected brand in the eastern part of the United States. They treated and managed their Angus herd just like their poultry, relying on science and technology to lead the way. They were one of the founding members of the Virginia Beef Cattle Improvement Association and were leaders in on the farm testing and measuring their Angus cattle. The Wampplers helped found the three BCIA Central Bull Test Stations in Virginia to help sell and promote the improvement of beef breeding stock for Virginia and the surrounding states. They practiced rigid culling and continued to refine the powerful Blackcap family.

In the late 1990's the Wampler Brothers decided to slow down and take a well-deserved break planning what would have been a historic retirement dispersal. While a dispersal could have been financially rewarding, they grew concerned about not continuing the work that they had started with this fine cowherd. The Wampplers made the decision to entrust the herd into the hands of the Rosson family at Quaker Hill Farm. Charles and Lee Rosson, along with their father Charles S., continued to carry the herd to new heights.

Quaker Hill Rampage 0A36 and the Quaker Hill Blackcaps broke onto the national scene with the evolution of DNA sequencing and the 50K test. It was the game changing moment that allowed the Angus Family around the world to see what the Wampler broth-

ers and the Rosson Family have known for decades, that these cattle cover all the bases. The genomic test had validated what years of careful selection and breeding had been responsible for. From that point on it has been a wild ride for this 6th generation farm family from Louisa, Virginia. The dam of Quaker Hill Rampage 0A36, QHF Blackcap 6E2 of4V16 4355, quickly became the "MOTHER OF ALL HERD BULLS" as she has placed nine direct sons in major AI Studs, A RECORD UNEQUALLED, such great bulls as Quaker Hill Rampage, Quaker Hill Firestorm, Quaker Hill Wide Stride, Quaker Hill Inside Track, Quaker Hill Conviction, Quaker Hill Assurance, and Cogent's Quaker Hill Like No Other. She broke Quaker Hill sale history selling for \$150,000 to the Cox Ranches in Texas. QHF Blackcap 6E2 of4V16 4355 has a great production record with three calves with a weaning index of 109 and three calves with a yearling index of 114. Quaker Hill Rampage 0A36's grandam, QHF Blackcap 4V16 of 1H8, sold for \$75,000 to Prospect Hill in New York as a yearling heifer and proved to be a sensational producer. The third dam, Quaker Hill Blackcap 1H8 sold as a mature cow to Craigmere Farm in Canada for \$100,000 with a production record of six weaned calves at a ratio of 119 and four yearlings at 115 and was in production until she was 17 years of age! Quaker Hill Rampage 0A36's fourth dam, Quaker Hill Blackcap W940, was in production at Quaker Hill until she was 16 years of age and she recorded seven calves with a weaning index of 111 and seven calves with a yearling index 111. Quaker Hill Rampage 0A36's fifth dam, Wampler Blackcap Shen W111 produced eleven calves with a weaning index of 103 and ten calves with a yearling index of 105. Genuine Cow Power in the Quaker Hill Blackcaps.

The Quaker Hill Blackcap story continues. Daughters of QHF Blackcap 6E2 of4V16 4355 and sisters of Quaker Hill Rampage are making indelible re-

AND THE QUAKER HILL BLACKCAP STORY

cords. Quaker Hill Blackcap 0A32 who recently sold for \$500,000 for Spring Grove Ranch in Lynchburg, Virginia, to the High Roller herd in Texas. Like her dam, Quaker Hill Blackcap 0A32, is writing history as well, having four sons in major AI bull studs including Quaker Hill Manning at Select Sires, Quaker Hill Dead Center at Cogent, Quaker Hill Mile High at Alta Genetics, and her latest son by Game Changer is headed to Semex. Quaker Hill Blackcap 0A38 another daughter and sister to Rampage sold for a \$150,000 in the National Angus Finals Sale in 2015 in Las Vegas to Five Peppers and the Decades of Excellence breeders in Tennessee.

Robin Toms from Staunton, Virginia, was an early partner in QHF Blackcap 6E2 of4V16 4355 and enjoyed tremendous prosperity through his involvement with the Quaker Hill Blackcaps and the Rosson family. He had the privilege and pleasure of selling females as high as \$40,000 out of the great cow and many outstanding sons to reputable herds. He has built a great cow herd around Rampage's dam.

This is just touching the tip of the iceberg on the success of the Quaker Hill Blackcap family. The best is yet to come.

As Charles Rosson says, "The first time I saw the Wampler cow herd I was literally amazed. They were extremely big bodied cows with lots of rib, perfect udders, good feet and plenty of muscle but yet super feminine. The cows were nursing calves the day we went to look at the cows with Bill Wampler. I can vividly remember these big, soggy cows with milk just streaming out of their udders. Every calf that looked up from nursing had a white soggy face saturated in milk!" These are the words of Charles Rosson as he recalled the purchase of the herd. As Charles likes to say, "It was definitely God's grace shining on us that day, what a blessing it has been to own these great cows."

As you study the pedigree of Quaker Hill Rampage 0A36 every bull on the top side of his pedigree, MCC Daybreak, Boyd New Day 8005, AAR New Trend and SAF Focus of ER were in a

major AI studs. The dam, QHF Blackcap 6E2 of4V16 4355, was sired by a great bull that was bred in the Jorgensen herd at Ideal, South Dakota, and he in turn is by SS Objective T510 OT26, a bull bred in the Phil

Abrahamson herd in Minnesota and a breed leader for registrations in 2010 with 8,402 progeny recorded.

As you study the Quaker Hill Blackcap family, one is quick to realize the power of the blood

and the influence of the Rosemere herd which was founded by the late Otto Battles in 1898 in Denison, Iowa. He served as president of the American Angus Association in 1920 to 1934 and was the first American to judge Aberdeen Angus at the first show in

Perth Show in Scotland in 1930 and the Palermo Angus Show in Argentina in 1943. He judged the Angus Show at the 1948 International Livestock Show, was inducted into the Saddle and Sirloin Portrait Gallery in 1930 and was inducted into the National Heritage Foundation in 1983.

As you further analyze the lower side of the pedigree you find the influence of the WA McHenry herd which was founded in 1887 at Denison, Iowa, the birth place of Earl Marshall. Mr. McHenry was president of the American Angus Association in 1881, 1882 and 1883 and was inducted into the American Angus Heritage Foundation in 1983.

The story of Quaker Hill Rampage 0A36 and the Quaker Hill Blackcaps is one of the most exciting in the 143 year history of the Angus breed that Angus cattle have been in the United States of America. The best news is THE BEST IS YET TO COME. The progeny of Quaker Hill Rampage 0A36 continues to top sale after sale. In 2016, in the days of scientific Angus cattle breeding, Quaker Hill Rampage 0A36 hits all the markers, calving ease, weaning, yearling, carcass and \$Beef.

Quaker Hill Rampage 0A36 began a new chapter in his life when he was leased to the ABS Stud at DeForest, Wisconsin, and in 2016 an interest in Quaker Hill Rampage 0A36 was purchased by Jim Powell for his Powell Farms herd in Limestone, Tennessee.

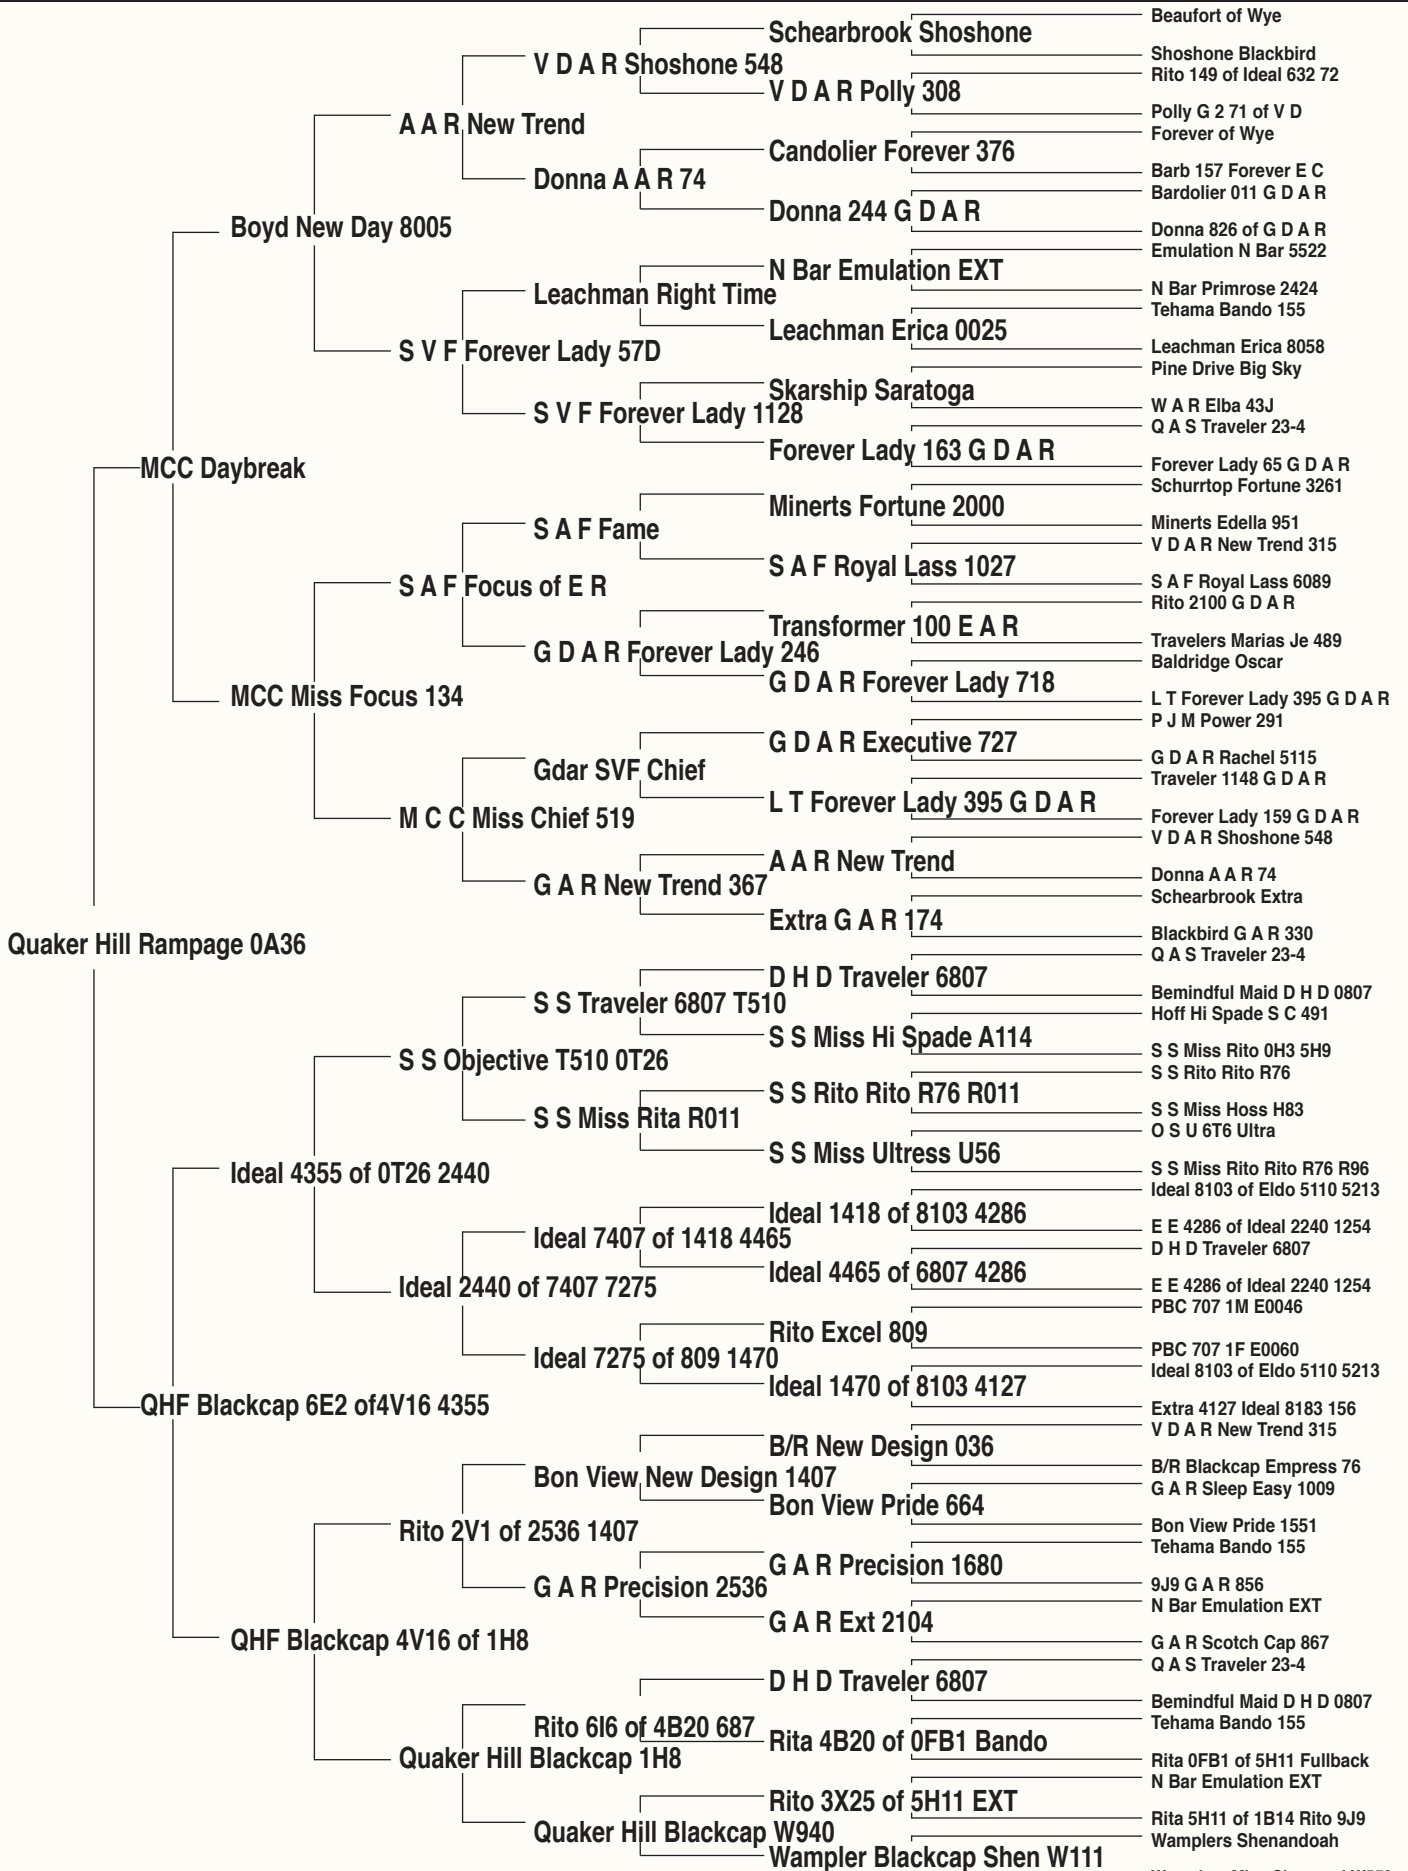

Quaker Hill Rampage 0A36 and the Quaker Hill Blackcaps are truly legendary in the Aberdeen Angus breed and the beef cattle industry. The most exciting and best news - THE BEST IS YET TO COME.

- BIG TIME OPPORTUNITY - +212.70 \$Beef.
- Jetset Glory "6041" is an alluring female that has impeccable phenotype coupled with a world class EPD profile affirmed by strong genomic scores.
- 6041 is in an elite class with regards to being No. 1 on the Proven Dam list for \$Beef.
- 6041 is the number 1 \$Beef proven daughter of the legendary Quaker Hill Rampage 0A36. She truly is in a class of her own!
- 6041 has already produced with her first natural calf one of the highest \$Beef HA Cowboy Up 5405 daughters in the world. Her heifer calf is truly exquisite phenotypically and massive in her build and composition. 6041 is an outlier when it comes to most Rampage daughters; she is very deep, capacious, moderate in stature and has been described by Parker Friedrich as the most docile and quietest Rampage daughter in existence!
- 6041 provides a major investment opportunity to join Executive Ranches in exploring her unlimited ability of producing the next generation of powerhouse \$Beef industry leaders!
- Jetset Glory 6041 sells open ready to flush.

- Owned by Executive Ranches.
- SELLING ONE-HALF INTEREST.**
- The Erianna cow family has taken the industry by storm in the last 6 months with its exceptional ability to transmit leading genomic profiles, world class EPD profiles and stunning appearance and quality.
- Welytok Journey Erianna "6D62" is a direct daughter of the 3B1 donor who sold for a \$70,000 valuation to TK Cattle Co. in Texas in the fall of 2017. 3B1 has raised in excess of \$250,000 in progeny and embryos in just the last 12 months while being a part of the Executive Ranches program.
- The Erianna females topped the 2018 National Western Foundation Angus sale and siblings to 6D62 averaged over \$40,000 at the 2018 High Roller Angus Sale.
- 6D62 herself is a beautiful first calf heifer, who has already laid down and produced a stunning heifer calf while presenting a pleasing udder and lots of maternal instinct. 6D62 is one of the most powerful Journey daughters we have had the opportunity to visually appraise and her EPD profile certainly matches it for calving ease, top end growth, maternal quality and \$Beef excellence.
- If you sort the Angus database you will realize the power of the Erianna 3B1 donor line and her ability to transmit unmatched genomic profiles to her progeny and produce higher \$Index progeny. 6D62 is the logical next step in cow families to produce industry leading and chart topping progeny!
- Welytok Journey Erianna 6D62 sells open ready to flush.

- Owned by 4 Sons Farm.
- Selling Choice of Lots 17A or 17B at weaning and after genomic testing is complete.**
- This featured heifer calf is by the \$255,000 record-selling son of Quaker Hill Rampage 0A36, FF Rito Righteous 6R41, back to the Blackcap family on the bottom side.
- She stems back to a grandmother who is a full sister to the ABS Global AI sire, Quaker Hill Rampage 0A36, and a full sister to Quaker Hill Blackcap 0A32, Quaker Hill Blackcap 0A35 and Quaker Hill Blackcap 0A38; all these females have been top selling lots in past Quaker Hill Farm sales and have become instrumental in each program that purchased them.

- Owned by 4 Sons Farm.
- Selling Choice of Lots 17A or 17B at weaning and after genomic testing is complete.**
- This featured heifer calf by EXAR Stallion, the top selling bull of a past Express Ranches annual bull sale, stems back to a daughter of 2 Bar Cash 1723.
- Dam reads with an excellent EPD profile, and this heifer has the ability to become a foundation Blacklass female in your program.

- Owned by Quaker Hill Farm.
- Heifer Bull.

- This lead off bull in the 2018 Spring Sale is a special son of KCF Bennett Fortress out of the \$92,000 one-half interest record selling female for a \$184,000 valuation, Quaker Hill Blackcap 4PT1, purchased by Double R Bar Ranch of Indiana. This bull is a great calving ease individual with tremendous spread and high \$BEEF numbers.
- His mother is a full sister to an array of other past top selling females from the Quaker Hill program and is also a full sister to the ABS Global AI sire Quaker Hill Firestorm 3PT1. The dam is a maternal sister to the industry's hottest sire, Quaker Hill Rampage 0A36, and here is an opportunity to own a potential AI sire.

SERVICE AGE BULLS

EXEC MR ALL AMERICAN 7AA1 - He Sells as Lot 65.

- EXEC Mr All American "7AA1" is a sensational calving ease, huge growth and major carcass standout, direct son of the \$70,000 valued 3B1 donor featured at Executive Ranches and TK Cattle Co.
- 7AA1 is a long bodied, stylish individual that has great structural correctness, lots of muscle shape with tremendous testicular development.
- 7AA1 presents a prime opportunity to acquire a son of the dominating 3B1 donor who has produced countless high sellers and \$Beef chart topping progeny!
- 7AA1's EPD profile reads with high performance and exemplary balance including 14 performance traits in the top 15% of the breed.
- 7AA1 is a tremendous herd sire prospect. He has jumped through all the hoops and provides a substantial investment opportunity!

EXEC MR ALL AMERICAN 7AA2 - He Sells as Lot 66.

- EXEC Mr All American "7AA2" is a bona fide stud walking the ground! He's in rare company when you evaluate his EPD profile offering extreme calving ease and huge growth but still presents an incredible phenotype. STUDY HIS EPD PROFILE, it's stellar!
- 7AA2 is a stout bull, with a huge hip, considerable muscle shape, while still being super sound structured, smooth jointed and remarkably attractive from the side view profile.
- 7AA2 is a direct son of the of the \$70,000 valued 3B1 donor featured at Executive Ranches and TK Cattle Co who has already produced one son who stands at stud at ABS/ORIgen!
- 7AA2 represents a major herd bull prospect with A.I. potential. This bull genuinely presents the complete package! He does it all, awesome phenotype, leading genomic scores and exceptional EPD profile!
