Fellow Cattle Breeders,

Thank you for taking the time to review our sale offering. We very much appreciate your constant support and business over the years. We continue to be impressed by the Blackcap cow family and the international prominence they have earned as one of the top genomic cow families in the entire Angus breed. Rampage, Firestorm and Manning are the culmination of what we have been trying to achieve: low birth weight, high growth cattle that excel in end product merit without sacrificing phenotype. Quaker Hill Rampage oA36, is leading the ABS Global lineup as one of the elite calving ease, top growth and ribeye bulls in the entire breed. Our cattle are run in a real world commercial environment on fescue grass and they are expected to perform without pampering.

On behalf of the Rosson family, I invite you to attend our Fall production sale. I think the quality and genetic worth of our Angus program is well represented in this sale book. We are very bullish on the cattle business. We are in unprecedented times in the cattle business. The future of the beef business is very bright. Take this opportunity to upgrade your genetics to ensure your herd's future profitability.

*Thanks for coming,
Charles and Lee Rosson*

E-Mail: angushall@angushall.com - www.angushall.com

SALE LOCATION:

Directions:

From Northern Virginia: Take Route 15 south to the town of Gordonsville, VA then take Route 33 east (left) 9 miles to stop sign. At Route 22, turn left on Route 33/22 and go 50 yards then turn right on Poindexter Road. Go 4.5 miles and farm will be on your left.

From Charlottesville or Richmond, Virginia: Take Exit 136 Zion Crossroads. From I-64 go south on Route 15 one mile to stoplight then turn left on Route 250. Go one mile then turn left on the first road to the left, Poindexter Road. Go 5.7 miles and farm is on your right.

ACCOMMODATIONS:

Best Western Crossroads Inn & Suites (540) 832-1700
135 Wood Ridge Terrace, Gordonsville, VA (5 miles from the farm)
Whistle Stop Bed & Breakfast (540) 967-0938
318 W Main Street, Louisa, VA (9 miles from the farm)

TERMS AND CONDITIONS: All cattle are to be settled on sale day unless prior arrangements have been made. Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

NOTICE: PAYMENTS

John L. Spiker Auctions LLC has taken on the responsibility of collecting all proceeds of Quaker Hill's Production sale, including proceeds for all guest consignors. All buyer numbers will be issued only with valid ID. Payment is due day of sale by cash, check or credit card. All cattle are to be paid for during or immediately after the sale and will not be released until proper settlement has been made. Those purchasing cattle through a sale consultant are asked to make appropriate arrangements through them for immediate payment. Also, embryos and embryo recipients will not be shipped or released until settlement has been made. If one wishes to pay by wire transfer, that routing number will be available sale day. (304) 677-0255

LIABILITY: All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and the sale staff assume no liability for property loss or any accident that may occur.

HERD HEALTH: All cattle will be accompanied by proper health certificates for immediate shipment.

TRUCKING: Truckers believed to be reliable will be available to assist you in shipping your purchases.

DELIVERY: Free local delivery on bulls. We also offer free nationwide delivery on bulls over \$4,000.

LIVESTOCK MORTALITY INSURANCE: Your cattle purchases may be insured at the clerk's desk.

SUPPLEMENTAL INFORMATION: A supplemental sheet will be available sale day with complete and up-to-date calving information. Announcements from auction block regarding the cattle selling in this sale take precedence over information listed in this sale book. Up-to-date genetic recessive status can be viewed online at www.angus.org.

SEMEN INTEREST: A 50% semen revenue sharing interest will be retained in each bull selling or the buyer will be able to double the bid and take 100% semen interest, unless otherwise stated in this sale book.

FOOD AND REFRESHMENTS: Available sale day.

Visit the Angus Journal Web site, www.angus.org and view this sale book online. *References: American Angus Association®, AHIR®, AngusSource®, CAB®, Pathfinder®. EPDs current as of Aug. 28, 2018. Updated EPDs can be viewed online at www.angus.org.*

THE BRAND THAT COVERS THE GLOBE

It's not just a number or a letter, The Quaker Man Brand, the brand that Covers the Globe:

The Q-Man Brand at Quaker Hill Farm has stood tall over the last 27 years with an unequalled and unmatched performance record by placing over 57 bulls in major AI studs, a record second to none among current Angus herds in the eastern US. Quaker Hill females have served as foundation building blocks for countless herds around the nation and throughout the world. Semen from Quaker Hill raised and owned herd sires has been sold on every continent but Antarctica and in hundreds of countries worldwide. The goal has been simple - to make the best bull for our commercial customers and the beef industry. We have been committed to this goal by ruthlessly culling on disposition, feet, and udders while making sure our herd has the important maternal convenience traits combined with unequalled calving ease, growth and carcass quality.

The Q-Man Brand at Quaker Hill Farm has been an innovator from the beginning by building on the performance legends of the historic Wampler herd which had over 60 years of performance testing in its entirety. Quaker Hill was one of the early pioneers in feed efficiency testing, foot scoring, and collecting cow weights, hip heights and body condition scores on cows at weaning to help determine true cow herd efficiency. This level of performance had been well documented and proven as Quaker Hill bulls and sons of Quaker Hill herd sires have topped many bull test stations across the nation.

The largest testament to the superiority of the Quaker Hill herd sire battery has been the ABS Circle A Sire Alliance progeny test program. "The Angus Sire Alliance Program was initiated by Circle A Angus Ranch in 1996 to objectively measure commercial performance and real world value from birth to harvest. The program pioneered the use of selection indexes in the beef industry and remains the most comprehensive source of feedlot profit, efficiency and maternal performance." In the 22-year history of the Circle A Sire Alliance, Quaker Hill has topped the test class three separate times and in three other years

placed second, a record that no other breeder has come close to matching. Quaker Hill Farm either raised or owns four of the top 10 bulls on the All Time Total Profit Index list, a feat unmatched. Currently in 2018, Quaker Hill Rampage is the all-time Number 1 ranked Total Profit Index bull ever in the Sire Alliance and Ranks 5th in overall Feed Efficiency. Another Quaker Hill owned sire, SAV Bruiser, is ranked number 2 on the Total Profit Index and Ranks 1st on the Feed Efficiency Index while both bulls rank in the top 5 for the Total Maternal Index.

The success of the Quaker Hill bulls in the ABS Sire Alliance is quite humbling and impressive but it's not the only measure of the power contained within the Quaker Hill germplasm. Genex/CRI progeny tested several of the Q-Brand bulls in their cooperative test commercial herds with the greatest success being Quaker Hill Objective 3J15. When the first calf crop came through the Genex/CRI test herds, Quaker Hill Objective 3J15 subsequently became the first Angus bull ever over 100 pounds of Weaning EPD and was the undisputed dominant growth bull of his day. Likewise, Quaker Hill Manning, who is at Select Sires is producing some of the most elite growth genetics in the breed today combined with unparalleled weaning and maternal strength.

The future looks bright at Quaker Hill Farm as we are committed to moving forward with increased emphasis on feed efficiency and total cow herd efficiency while maintaining our superior growth and maternal traits. A Calan Gate System has been in place for over a decade to accurately measure feed intake and many of our bulls have been tested on the Growsafe System through our partner arrangements. The decision has been made to install the Growsafe technology at the ranch headquarters, so we cannot only measure feed efficiency in our bulls but also our replacement females thereby accelerating our selection for these important traits. Carcass testing has also been implemented as we are retaining ownership on the purebred steer calves to gain this valuable information to guide our breeding decisions.

At Quaker Hill Farm, we stand behind the cattle that wear the Q-brand 100%.

- This \$15,000 top-selling bull of the 2014 Quaker Hill Spring Sale joins his maternal brother, Quaker Hill Rampage 0A36, as a featured member of the ABS Global AI stud.
- This popular sire ranks in the upper percentiles in multiple traits.
- This son of the \$150,000 top-selling cow of the 2014 Quaker Hill Spring Sale is a full brother to the \$180,000 valued Quaker Hill Blackcap 4PT1, the \$45,000 Quaker Hill Blackcap 4PT3, the \$42,500 Quaker Hill Blackcap 4PT5 and the \$28,000 Quaker Hill Blackcap 4PT4.

- This widely-used sire emerged as an EPD outlier that has made him one of the most popular sires in the history of the ABS Global AI stud and the sire of countless sale features throughout the industry.
- In 2017, Quaker Hill Rampage 0A36 ranked second for annual registrations, and he is positioned to take the lead spot for 2018 which will be determined shortly after this sale book goes to print.
- Currently, Quaker Hill Rampage 0A36 ranks in the top 1% for Weaning Weight EPD, Ribeye EPD and top 2% for Yearling Weight EPD, Carcass Weight EPD, \$F and \$B.
- He was produced from a \$150,000 dam with a progeny birth ratio of 92 combined with progeny weaning and yearling ratios of 109 and 114, respectively, on three natural calves combined with 19 daughters in production.
- His full sisters include the \$500,000 valued Quaker Hill Blackcap 0A32, the \$100,000 valued Quaker Hill Blackcap 0A35, the \$150,000 valued Quaker Hill Blackcap 0A38 and maternal sisters are highlighted by the \$184,000 valued Quaker Hill Blackcap 4PT1.

• Ranking in the top 1% for \$B, Carcass Weight EPD and Ribeye EPD, along with the top 2% for \$F, Weaning Weight EPD and Yearling Weight EPD, this standout individual offers intriguing possibilities.

- This bull records an individual weaning ratio of 131 from a top-producing dam who is a product of the embryo program at Quaker Hill Farm and has earned a progeny weaning ratio of 112 on five calves and a progeny yearling ratio of 103 combined with progeny IMF and ribeye ratios 111 and 100, respectively, on three head.
- The maternal granddam came to Quaker Hill Farm as one of the top non-parent growth females of the Angus breed and she was bred at Frey Angus Ranch in North Dakota where the third dam of this bull achieved Pathfinder status.
- The proven sire of this bull is a featured member of ABS Global Australia who has ranked eighth for registrations in Australia in the past two years, and he is backed by Te Mania Berkley B1 and Ardrossan Direction W109, who ranks among the most widely-used sires in Australian Angus history.
- A maternal sister records a progeny weaning ratio of 103 on two calves.

PATHFINDER GENESIS G357 - Sire of Lots 1 and 2.

- The \$100,000 valued dam of this pregnancy records a \$B of +211.73 and she produced her first natural calf that sold at private treaty for \$25,000.

JETSET GLORY 6041 - Dam of Lots 88 and 88A.

EXECUTIVE EMBRYO CONSIGNMENTS

JETSET GLORY 6041 - Dam of Lots 88 and 88A.

- \$100,000 Valued Big League Angus Matron - +211.73 \$Beef Donor!
- Jetset Glory "6041" is an alluring female that has impeccable phenotype coupled with a world class EPD profile affirmed by strong genomic scores.
- 6041's first natural calf sold privately for \$25,000. Her natural heifer calf is truly exquisite phenotypically and massive in her build and composition. 6041 is an outlier when it comes to most Rampage daughters; she is very deep, capacious, moderate in stature and has been described by Parker Friedrich as the most docile and quietest Rampage daughter in existence!
- These embryos sired by the world famous Jindra Acclaim represent an unparalleled opportunity to produce high performance genetics with stunning phenotype!

EXAR JOY 6079 - The dam of Lot 89.

- EXAR Joy 6079 was the \$17,000 valued high selling bred heifer at the 2017 Quaker Hill Fall Sale to Four Sons Farm.
- 6079 offers stellar power, presence and major league style.
- 6079 descends from the world-famous Basin Joy 566T that has been a long-standing stalwart of the Express, Teixeira and Basin Angus programs.
- Joy 6079's EPD profile reads with high performance and exemplary balance including 14 performance traits in the top 15% of the breed.
- This mating of EXAR Joy 6079 to Jindra Acclaim is truly a perfect synergy of quality, performance and genotypic excellence. These calves will have breed-leading EPDs and extraordinary phenotype!
- Major Power in the Blood Here! Take a hold of this great opportunity.

Chris Terembes

EXECUTIVE EMBRYO CONSIGNMENTS

- Here's Your Chance at Greatness! Rita 2711 has produced more than \$250,000 in progeny and embryo sales. Half-interest in 2711 sold recently to the up-and-coming new program Fulcher Farms for a \$30,000 valuation.
- Imagine the possibilities of 2711 with the up-and-coming Angus phenomenon VAR Revelation 6299! The first VAR Revelation 6299 calves have arrived and they are extraordinary.
- VAR Revelation 6299 is a popular new sire in the Executive Sires lineup.
- Deer Valley Rita 2711 is an extraordinarily unique female when you account for her breed-leading performance, exceptional calving ease, fantastic phenotype and massive build.
- Dam of a \$55,000 heifer calf selection of Pollard Farms from the record setting 2015 sale at Vintage Angus Ranch.
- 2711's dam is a maternal sister to the \$180,000 one-half interest GAR Progress, the longtime #1 active Angus sire for Marbling EPD.
- 2711's grandam set a \$300,000 sale record at GAR and has been a cornerstone at Deer Valley Farm.
- Maternal sisters to the dam produced the \$110,000 one-half interest Accelerated Genetics AI sire, VAR Discovery 2240, and his full brother-in-blood, the \$100,000 third interest Deer Valley All In whose dam also produced the \$95,000 Deer Valley Patriot who joined him at Select Sires.

DEER VALLEY RITA 2711 - Dam of Lot 90.

D	\$W	+71.73	\$F	+93.32	\$G	+51.96

- Welytok Journey Erianna "6D62" sold for a \$50,000 valuation to Hornung Livestock.
- 6D62's natural heifer calf sold privately for \$30,000 and is exceptional.
- These embryos sired by EWA Peyton 642 are the kind that will produce the next number 1 \$Beef animal in the entire Angus population while still maintaining fundamental form, quality phenotype and productive function.
- The Erianna cow family has taken the industry by storm in the last six months with its exceptional ability to transmit leading genomic profiles, world class EPD profiles and stunning appearance and quality.
- 6D62 is a direct daughter of the 3B1 donor who sold for a \$70,000 valuation to TK Cattle Co. in Texas in the fall of 2017. 3B1 has raised in excess of \$250,000 in progeny and embryos in just the last 12 months while being a part of the Executive Ranches program.
- The Erianna females topped the 2018 National Western Foundation Angus sale and siblings to 6D62 averaged over \$40,000 at the 2018 High Roller Angus Sale.
- If you sort the Angus database, you will realize the power of the Erianna 3B1 donor line and her ability to transmit unmatched genomic profiles to her progeny and produce higher \$Index progeny. 6D62 is the logical next step in cow family to produce industry leading and chart topping progeny!

WELYTOK JOURNEY ERIANNA 6D62 - Dam of Lot 91.
