✓ This is a special heifer calf that will one day be in a Donor pen. This heifer is owned in partnership with High Tide Farms and since we both have fall calving herds we decided to offer her in this sale. 1801 is probably the best young heifer we have ever offered. She weighed 948 lbs on 3/2/19. 1801 had a maternal brother sell for \$30,000 in a past SAV Sale and there are maternal sisters still working in the Sav herd today.
