

# THREE TREES

*a new deal*

The tremendous interest that has been generated by the addition of Connealy Forward and Connealy All Around to the Three Trees herd sire battery has prompted a new deal that will sell as Lot 1 of the Ninth Annual Three Trees Production Sale. Rather than simply offering half interest and half possession of Three Trees Over The Top, the young bull with the highest URE EPD in the American Angus Association database, we have decided to change the deal and offer a 25% semen interest in any of these three young sires that will be important ingredients in the future of Three Trees Ranch.

The bull with the highest URE EPD in the American Angus Association database, Three Trees Over The Top had an adjusted URE measure of 18.5 square inches. Now owned 100% by Three Trees Ranch, Three Trees Over The Top will be exposed to 30 first-calf heifers for the next 60 days and then spend the summer at ORigen for semen collection. Semen from Three Trees Over The Top will be marketed under the normal ORigen ABS joint marketing agreement and the new owners will share in all the benefits of that program.

BW: 74 lbs. Adj 205: 837 lbs. Adj 365: 1,490 lbs.  
The bull with the second highest adjusted IMF measure in a calf crop of 337 yearling bulls that sold for an average of \$5,847. Now owned jointly by Three Trees Ranch and ABS Global, Connealy All Around is in residence at ORigen. Semen from Connealy All Around sold by ABS Global will be subject to terms of an existing contract with ABS Global and semen sold by ORigen will be marketed under the normal ORigen marketing agreement giving the new owners the full benefits of both programs.

**The buyer or buyers of this 25% semen interest will obviously have priority access to the first available semen from the dynamic young sire chosen.**
