TRAYNHAM RANCHES

Female Sale

Sunday, October 6, 2019 | 2:00 PM
At the Ranch, Fort Klamath, Oregon

Welcome Friends!

It is with great enthusiasm and excitement to bring to you some of the leading genetics in the Angus, Sim-Angus, and Hereford breeds.

The offering we have in front of you, from show heifers to future donors, we feel is the deepest set we have brought to date. These females stem from the heart of our program with the majority being a result of embryo transplant or AI sired to bring fresh genetics with proven sires. There is something for everyone, for youth getting into the breed to producers wanting to advance their program. We take pride in our cowherd we have built over the years and putting some of these females in this sale has not been an easy decision, but we know we need to part with the best and are confident they will go on and make their new buyers successful.

Come for the weekend at the ranch in beautiful Fort Klamath. If you haven't visited the world-renowned Crater Lake National Park, we encourage you to check the breathtaking views as it is worthwhile and only a short drive from the ranch.

We hope you can join us for a fun filled weekend with great cattle and hospitality. We will have a catered dinner Saturday night. Bring your fishing poles if you'd like to fish. If you are unable to be with us on sale day, internet bidding will be available on LiveAuctions.TV website.

Our 19th Annual Bull Sale will be on Monday, October 7th offering 100 Angus, Sim-Angus and Hereford.

If you have any questions on the females or need help with accommodations, please give us a call as we'd be happy to help. Feel free to stop in prior to the sale to view the offering. Hope to see you the in the beautiful Wood River Valley the weekend of October 5th & 6th!

Sincerely,
Brad, Buckley and family
Lee Traynham

First time led into the ring, G1544 was named Calf Champion at the 2019 Oregon State Fair ROV Show. Elegant head and neck with loads of rib, long spined female that has as much future as any heifer calf we have offered for sale. For a March 20th heifer calf to compete against the January and February heifers and be crowned Champion is a huge accomplishment for a young star, not to mention how puppy dog gentle she is! Her dam has done a phenomenal job here and is a former Calf Champion at the 2012 North American in Louisville, KY. 6392 is also the dam of the 2017 Oregon State Fair ROV Reserve Champion Bull. Selling 1/2 interest with the option to double.

G1460 has already had an amazing show career and claimed the purple. Her mother and her were crowned the 2019 Grand Champion Cow/Calf Pair at the Northwest Regional Preview Show. We believe as Eldon Krebs did in Salem, there is a lot of future to this February born Silveiras S Sis GQ 2353 daughter of the Nationally known EXAR Princess 3421. Just like her mother, when this February heifer is done showing she will head to the donor pen where this genetic package should help any Junior or program into a successful future. Owned with Sara Sweet.

This sweet one stood 2nd to the Calf Champion at Oregon State Fair ROV Show. This early March heifer calf has the design and body to surpass her sister, E543, which was the Bred & Owned Reserve Champion female for Ashley at the 2018 Oregon State Fair and 2nd in class at the 2018 National Junior Angus Show in Wisconsin. This freak necked, big ribbed heifer has the making to be a very competitive show heifer. Her sister was the high selling Angus heifer calf in our 2017 sale. A BT Everelda Entense 566P granddaughter that has the maternal value to go on to be a tremendous asset to any program or junior. Did I mention how gentle this one is too?

This EXAR Blue Chip 1877B daughter has been one of Buckley's favorites from the time we weaned these heifer calves. After getting home at 11pm from Oregon State Fair, Buckley said "I knew we should have had G1474 in Salem", and she's right! This March born is so long bodied, cool necked, has the killer look and she would have had lots of admirers like the rest of our heifer calves. G1474 comes from an awesome cow that was a class winner in Denver for Ashley and 84181 has produced herd bulls that have topped our Bull Sale and elite heifer calves. This March heifer's mother is still producing cattle like this at 11 years young. If you're looking for a tremendous heifer calf with longevity after you're done showing her, don't overlook this amazing heifer calf.

Here comes three full sisters that we keep going back and forth on since being weaned. This one, a March 18th born, has a tremendous look to her and phenomenal sweep to her belly. G1530 came into the barn with a little more condition on her and has propelled her to the top of these late March borns. Their dam, EXAR Envio Blackbird 4965, is a full sister in blood to EXAR Envio Blackbird 1760 female Ashley won Denver, Louisville and Billings with that went on to be the 2012-2013 Show Heifer of the Year. G1530 happens to be Zane's favorite.

This full sib is in my mind the combination heifer of the three sisters. Big bellied, soft made, ultra complete heifer calf that sets her rear leg down with authority. I remember taking pictures of G1557 when she was a baby and telling Buckley here is another awesome S&R Roundtable J328 that will make a phenomenal cow. This one is Brad's favorite. This Choice Lot will be a tough decision!

And here comes G1604. We feel this sister has the best hind leg of the three with an elegant front. S&R Roundtable J328 has sired many show winners from coast to coast and these three heifer calves have loads of potential. All three of these heifers are not only sweet to the eye, but have great dispositions! This one happens to be Buckley's favorite. You'll be scratching your head, trying to figure out which one suits you best!

G1601 is one of the youngest weaned heifer calves in the sale. But wow has she put things together in a hurry and has an ultra sweet disposition to boot who might lick you and follow you everywhere! The mother of G1601 was selected in the Honor Roll sale not really for a show heifer, but as a donor cow being a full sib to the legendary EXAR Winnie 5291 that Sydney Schnoor showed so successfully. I think EXAR Winnie 5291 was the most impressive Angus cow to be exhibited in a long time and I had to have a full sister for our breeding program. This attractive made heifer with a phenomenal belly sweep will fit with any young junior or advanced.

F1379 an ET fall born Colburn Primo 5153/EXAR Princess 5849. F1379's dam was the Supreme Champion Female at the 2017 Oregon State Fair Junior Show and a many times winner for Seth. This C&C McKinley 3000 EXAR granddaughter has the look and rib shape her mother carries with a touch more bone and extension through her front 1/3. Seth has tossed and turned with parting with this heifer. BUT we have more of these mating's coming in the spring or this stout made, big hipped heifer would not be leaving. If you're interested in a Fall heifer, study this amazing heifer calf, the potential is second to none!

Lot 11A - Heifer pregnancy sired by, EXAR Classen 1422B, due 2/3/20

Lot 11B - Heifer pregnancy sired by, Silveiras S Sis GQ, due 3/1/20

Seth's Dameron FR Sandy 4155 has become one of the leading cows here at Traynham Ranches. We are excited about the possibilities of these matings. 4155 and GQ progeny have already made their mark for Seth with a GQ/4155 daughter being named the 2019 Oregon State Fair Junior Show Fall Heifer Calf Division Champion in the Bred & Owned Show. The EXAR Classen 1422B mating has also excited us with the possibilities of another great show heifer. 4155 was also the dam of the Champion Sim Solution Heifer Calf Champion at the 2019 Oregon State Fair Junior and Open show. Darrel Hansen and Jake McDonald also selected a S&R Roundtable J328 son of 4155 to be their herd bull in 2019. A moderate framed, big topped, exquisite fronted donor that exhibits loads of body, cool neck extension and a stunning look in her progeny.

Here is a growth bred heifer that is in the top 20% of the breed for WEPD, YEPD, RE and \$B. As we are getting these VAR Generation 5066 daughters in production, we think they are making awesome cows and the Generation bulls have made lots of friends in the bull pens. Not everyone has to raise heifer bulls if you're looking for some cow power. Don't overlook this bred heifer.

AI'd 5/16/19 to EXAR Monumental 6056B. Pasture exposed to Traynhams Generation 913 from 6/01 to 7/20/19.

Love, love, love this donor! We always strive to put top producing cows in the offering, so here's your opportunity for stellar genetics! This PVF Insight 0129/ EXAR Envious Blackbird 1760 daughter has done it all and I'll be honest when I sorted her off for the sale, Buckley and Maddie were not extremely excited about my decision to say the least. This cow has been flushed twice, transferring 18 eggs IVF and 8 eggs conventionally. If you're looking for an Angus cow with some bone, soggy middle here she is. A direct daughter led off the 2018 show heifer division going to the Slater family for \$14,000. Bred back to S&R Roundtable J328, this is an exciting mating. 4940's full sister was just selected as the Reserve Champion Female at the 2019 Oregon State Fair ROV Show. You're getting predictable genetics that have dominated the show ring. This awesome donor's 2018 natural calf will also sell in the Bull Sale on Monday as a highlight. A/d 6/13 to S&R Roundtable J328. Examined safe to AI. Pasture exposed to Traynhams Primo 503 from 6/20 to 7/30/19.

A February born heifer calf out of who we refer to "Big 6" around here. This heifer calf is real square hipped, choke necked and has the body. Sired by Vin Mar Pursuit 5572, which was the lead off bull in the 2016 Reserve Grand Champion Carload in Denver. Our Pursuit calves have been well received. Looking forward to calving our first Pursuit daughters this coming spring.

FITTING CLINIC

Presented by Frank Ward

Want to achieve the Championship look?

Come learn from the expert, Frank Ward, as he demonstrates and explains the clipping & fitting process on getting your show heifer ready!

Great for both kids and adults! Prizes will be given out!

Sunday, October 6th at 11:00 AM

Full Body™

DON'T JUST TAKE OUR WORD FOR IT...

Full Body has become a mainstay in our feeding program for a variety of reasons... The size and CONSISTENCY OF THE PELLET along with the QUALITY OF THE FEED make Full Body a great tool to achieve the desired look of our cattle.

Robbie Duis, Del Hawk

...get that EXTRA SWOOP TO THEIR UNDERLINE while keeping their CONDITION IN CHECK... the advantages of Full Body are obvious!

Jerrold Arthur, Lucky Strike Show Cattle (Owner)

Without a doubt, the SAFEST most CONSISTENT, EFFECTIVE product I've used in a long time... the pellet quality is absolutely second to none...

Chuck Lemenager, Earlybird Nutrition / Lemenager Cattle

NO OTHER PRODUCT makes them bold and round in the middle part of their rib like Full Body. We feed this to maintain body shape without getting the cattle too fat... FEED THIS DAILY especially leading up to the shows.

Tony Jeffs (Owner) & Seth Hammermeister (Manager), Jeff Cattle Co.

Wow, what a start for this rising star! Sim Solution Calf Champion and Calf Champion in the Open Show at the 2019 Oregon State Fair. This feminine fronted, big bodied female has the look! This mating has worked extremely well, out of Seth's First Class Sandy cow from Dameron Angus Farm, who is a direct daughter of K N C Cabin Creek Sandy. As one knows the Sandy's have made their mark and have a big influence in the Angus breed. We are very excited about our W/C Bankroll 811D calves, they come easy, seem to have a little more punch than the W/C Loaded Up's with a lot of eye appeal and phenomenal performance. A pregnancy sold in last year's sale for \$10k going to Griffith's in Oklahoma.

An extremely attractive March heifer calf when viewed from the side. This W/C Bankroll 811D heifer is puppy dog gentle and when you get back off of her and study her, there is a lot of heifer here! Long necked, very feminine and when you get behind her she doesn't disappoint with a tremendous hip and hind leg. This March born is the kind we are striving to produce with a striking pose, and look at those markings! Absolutely gorgeous, can't find a prettier one than G1488!

G1435 comes from Maddie's V A R Jilt 0327 "Vinny" cow that we just love here! This W/C Bankroll 811D/SAV Bismarck 5682 1/2 blood is huge bellied, attractive necked and sound to the ground with a lot of maternal power. G1435 may not be the show heifer of the Sim-Angus offering, but wow the cow power here is unmatched in this offering. I would want 100 of these kind in the pasture. If you are interested in the consistency in this cow family, one of our top Angus bulls in this year's sale is a son of "Vinny" by HA Cowboy Up. A truly interesting genetic package.

An ET daughter of Maddie's legendary "P" cow, Yardley Charisma C213 and wow just what we expected when we mated "P" to W/C Loaded Up 119Y. Long necked, moderate framed, nicely balanced 3/4 blood heifer that will make a tremendous breeding piece with a baby doll disposition. This one is hard to part with, as she is a true sale feature a program can really build on and make her mark in programs. We will have a number of W/C Loaded Up's in the Bull Sale Monday and they are thick butted, good nutted, sound bulls. This female is the kind to raise show cattle and performance cattle at the same.

A 1/2 blood female that we are very high on. This Fall heifer is out of one of Ashley's top Limestone Darkhorse U322 show heifers that is a gorgeous Angus cow that descends from a prior Express Ranches show heifer. F1385's sire is Schooleys Ura Believer that we purchased in Denver and has done a tremendous job as our leading Simmental herd sire. Schooleys Ura Believer is a bull brother to Pays to Believe, a past Grand Champion at NAILE. We will have a number of Ura Believer bulls in our Bull Sale Monday so come check them out and you will become a believer too!

Pregnancy by Profit, Due 3/01/20

Yardley Beauty Queen B96, known as "Coco" here has become one of the leading Simmental donors here by producing highly attractive, sound structured purebreds. We are excited about the potential of the Profit offspring. Profit needs no to little introduction, being the \$400k record selling bull at Hartman's. He does it all! From siring herd bulls, show bulls, brood cows, show heifers and sale toppers from Coast to Coast. . The resulting purebred heifer calf should make a phenomenal show heifer and more importantly a productive donor in your front pasture. B96 produced our top selling heifer calf in last year's sale going to Taylor Hauck.

We are giving the buyer of this pair the opportunity to advance your program with ours. Even as I write the footnotes, I'm questioning my reason to sell this pair, but Buckley and I have always said if it doesn't hurt to offer these genetics, don't do it. Here is a 3-year-old that has been an awesome show heifer for Maddie, being the 3rd Overall Bred & Owned Female at the 2017 Western Regional Classic and the 2017 Reserve Grand Champion Simmental Female at the Oregon State Fair. She is an even better cow shortening her calving date every year. This 1/2 blood Mr HOC Broker daughter is an awesome cow to look at and a direct daughter of our BT Everelda Entense 566P donor. D180 has the look and maternal value of 566P and the power and performance of Broker. We have sold full sisters to this phenomenal young cow to our friends, Robby, Danette & Sara Harfst and the Gohr family. Bred with her 3rd calf to an exciting young Simmental bull, W/C Night Watch 84E, the \$142,000 high seller at the 2018 Werning sale. If you're as serious as we are about raising functional, profitable, sustainable, desirable genetics don't let this cow go buy without a serious look. **AI'd to 5/20/19 to W/C Night Watch 84E. Examined safe to AI. Pasture exposed to Traynhams Loaded Up 988 from 6/06 to 7/30/19. Retaining one flush at the buyer's convenience and seller's expense.**

An outstanding 3/4 blood W/C Bankroll 811D heifer calf. This bald face heifer calf has the look to run with the big girls. An April born heifer that was too young to wean and sell as an individual, so here is a true genetic package that will advance any junior or breeding program. Cow power with class best describes G1576. This young lady always strikes a pose and will be a fun one to be leading in the ring!

The only Hereford offered this year, but what a nice heifer that balances up real well. Sired by Harfst Herefords and Brumley Farms herd sire, Harfst BF 028X Anderson 705E. This ultra feminine February show heifer is real long necked and has a lot of dimension to her rib cage. G1454's mother is a 2-year-old that has done a nice job with her first calf being a A2 daughter out of a former Champion Cow/Calf at the Oregon State Fair. This awesome February born's great grandmother is my dad's legendary 65T cow he brought in from Canada.

Colburn Primo 5153 is known for producing attractive and high quality show heifer prospects making him ranked 2nd as the ROV Show Sire of the year. WB Princess 9109 is certainly no exception as you analyze her. This February heifer calf is beautiful in her design with an attractive front end, deep bodied, level stout hip and excellent hind leg. EXAR Princess WB 5152 is a granddaughter of the famous matriarch Cow of Express Ranches, Greens Princess 1012. WB Princess 9109, not only has the pedigree to have a successful show career, but she has the stand out show heifer look. Maternal sister was sold last year in the 2018 Traynham Ranches to Heather Worlein, Prineville, Oregon.

The dam of this heifer is sired by American Classic (full brother to Dameron First Class); his females possess unmatched style, capacity and balance needed in the present-day show ring. He throws females with attractive front ends, bone and tremendous capacity which make him the go-to bull to sire high dollar show heifers. SAV Blue Ribbon 9157 was a past sale feature that we purchased as our herd sire out the Schaff Angus Valley sale. His females have not only been successful in the show ring they make exceptional cows. WB Savvy's Stella is a powerfully constructed, big ribbed, stout made and processes excellent bone; she will not only make a good show heifer, but an even better donor cow to raise you some great bulls.

The grand dam of this really neat March show heifer prospect, C & C Blackcap 1101, is a past champion for Ryan Callahan as division champion winner at the National Junior Angus Show and she also claimed many Cow/Calf Champions for Callie Keaton from Missouri. C & C Blackcap 1101 is sired by the now deceased Triple Crown Winner Dameron First Class, whose semen is selling for more than \$10,000 a straw. PVF Insight 0129 has been a great bull to cross with First Class Daughters. LD Capitalist stamps his calves with a look of style and quality with added muscle and performance. WB Blackcap 9129 combines an exquisite front end with excellent depth of body and has that extra length to her spine.
