Dear Friends and Fellow Cattlemen,

On behalf of the entire ZWT family ranch operation, we want to thank you, our customers past and present, for your continued interest in our company and the product we produce. We look forward to working with each and every one of you and to lending our efforts to make your operation successful and rewarding. To that end, we will be conducting our Annual Angus Sale in Crossville, Tennessee on Friday, November 4, 2016. It would be our honor to have you attend.

The Mayes family business, known as the ZWT, has been in operation for many years and is known for its principles of integrity, hard work, service and the development of a superior product. Our operation has been as diversified and lasting as many of yours, stretching back to the 1970s. From our feedlot operation in Holdrege, Nebraska, to our Angus production and development in the state of Tennessee, we have encountered many of the same challenges you face in your operation. Consequently, we have worked hard and continue to refine our efforts to produce cattle with strength and adaptability to thrive in the diversity of North America's climates and across the many types of farm and ranch operations. We offer a product to help build your success, and we will be here to contribute to and support that success. We are here for the long haul. To that end, we have produced a sire and semen directory to aid your selection process.

This year at the sale we will be offering 200 registered Angus cattle in addition to 50 commercial females and 15 guest consignment Herefords from our friends at Grassy Run Farms. These cattle are a testimonial to the dedication and hard work of our entire staff, to our commitment to excellence, and to our desire to continue to research and improve our product for adaptability, strength, and superiority. We appreciate the part each individual in our ZWT Ranch family has played in the production of the cattle to be sold. Our cattle speak for themselves.

We appreciate your business and your interest in our cattle and promise to work hard to earn and keep your trust and confidence in us, our cattle, and the way we do business.

Please don't hesitate to call us with any questions. We look forward to meeting each of you.

Tony Mayes

COMMENTS FROM THE SALE MANAGER:

A POWER OFFERING OF REAL-WORLD ANGUS CATTLE.

Plan now to be on hand for the ZWT Ranch Annual Angus Production Sale, featuring a tremendous set of registered and commercial Angus females, as well as strong-age bulls ready for immediate service. The focus from everyone at ZWT is to produce easy-fleshing, trouble-free performance cattle that excel in all aspects of production. These are the kind that have brought commercial cattlemen back year after year to incorporate ZWT genetics in their herds through the bull offering that sells. This sale is the second female offering ever. It was hand-picked for quality, representing the top families developed in the ZWT program. Tony Mayes is deeply involved in multiple facets of the beef industry with both registered and commercial cattle, and the feedlot business. At ZWT you can be assured that you are dealing with the finest of people and genetics. Looking forward to seeing you sale day.

• A young female by the popular and proven SAV Resource 1441 who was the \$110,000 top-selling bull of his sire group in the 2012 Schaff Angus Valley Sale and has gone on to become a proven sire unlike any other with the highest Yearling Weight EPD among all sires with his number of yearling progeny, in addition to his ability to consistently transmit performance with muscle, base width, fleshing ability, structural soundness and breed character.

- The impressive donor dam of this cow is the ZWT foundation donor who was selected as the featured Lot 1 cow of the 2011 Griswold Sale where she sold one-half interest for \$20,000 for a \$40,000 valuation.
- This female is a maternal sister to GCC Black Watch 849T who sold one-half interest for \$33,000 as the top-seller in the 2011 Griswold Bull Sale, and to GCC Pride and Glory 902W who sold one-half interest for \$20,250 as the top-seller of the 2010 Griswold Bull Sale.
- This female is from the same branch of the Lady family as the ZWT foundation donor, Sinclair Lady 2ZL1 4510.
- Will sell with a calf at side (Lot 20A) by the ZWT MAJESTIC 4116.

SAV RESOURCE 1441 - His daughters sell.

ZWT Registered Angus Bulls

Lots 77 through 171

These big, strong-aged bulls are backed by the best of ZWT breeding, designed for performance, maternal, fertility and function.

ZWT BULL DEVELOPMENT

- ZWT Bulls are developed with fertility, longevity and soundness of mind.
- ZWT Bulls are fed a high-roughage diet and are slowly developed.
- ZWT Bulls are marketed at an older age.
- ZWT Bulls are hand-fed to maintain good dispositions.
- ZWT Bulls offer genetics that fit all breeding scenarios.
- ZWT Bulls are developed in large contemporary groups.

ZWT RANCHES BREEDING GUARANTEE:

We guarantee that all bulls sold by ZWT Ranches are fertile to the best of our knowledge and have passed a Breeding Soundness Exam 30 to 45 days prior to the sale. Although all bulls have passed a BSE, we know certain problems can arise after you receive your purchase. To help ensure your investment, ZWT Ranches will guarantee all bulls selling against breeding injury, and to be sound breeders for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. We will provide you with a satisfactory replacement, if available, or issue you a credit equal to the bull's purchase price minus the salvage received for that bull. This is not a life insurance policy, however. We will not replace a dead animal if it is killed or dies for any reason.

FFF/LLF BLACKCAP 901 - The dam of Lots 91 through 95.

- The result of a very successful embryo flush that combines the Blackcap and Madame Pride families.
- The impressive sire of these bulls was selected by ZWT Ranch and DBL as a \$90,000 feature of the 2013 Schaff Angus Valley Sale, and he is from the mating of the \$147,500 SAV 707 Rito 9969 with the breed icon, SAV Madame Pride 0075 who ranks as the second top income-producing cow in SAV history.
- The popular donor dam of these bulls has a progeny weaning ratio of 102 on three natural calves along with ten head evaluated by ultrasound and she came to ZWT Ranch as the \$40,000 top-selling Lot 1 cow of the 2013 Decades of Excellence Sale.
- The grandam of these bulls is a maternal sister to a long line of famous individuals descending from the Whitestone foundation donor, GAR EXT 2114 who generated more than \$2.5 million in progeny sales.
- Five maternal sisters to these bulls post a collective progeny weaning ratio of 105 on their first calves.

ZWT Buy Back Program

1) Buy Back Program

Conventional Buy Back Program

- Purchase price will be determined by averaging the top 20% sold in the area sale barn in each category. (i.e. sex, wt.)
- Spread between Heifer and Steer will also be based on the same local area sale barn.
- A five (5) cent slide will be used on yearlings and an eight (8) cent slide on calves over the agreed sale weight.

Natural Program:

Definition of Natural: Cattle must not receive any growth promotants, antibiotics and growth hormones from birth.

- All calves and yearlings directed towards the Natural Program must be weaned 90 days at the Ranch and on our vaccination and mineral program.
- A \$5.00 cwt. PREMIUM will be paid for natural yearlings and an \$8.00 cwt. PREMIUM on natural weaned calves.

2) Vaccination Program

- Calves- 7 or 8 way clostridial w/blackleg
- Bovishield Gold 5
- Pasteurella. Example: (one shot or one shot ultra)
- Yearlings-follow the same as above at weaning time

3) Mineral Program

Many areas have different types of mineral deficiencies. Make sure to use a good general balanced mineral program that covers any deficiencies that are in your area.

4) Retained Ownership

- 50/50 partnership-MGP will partner with you on both calves and yearlings.
- Cattle can be kept natural or be commercial for this program.
- There will be risk management available.
- Financing is available at 1% over prime and 25% of the delivered cost of the cattle is required up front. Example: (If cattle cost \$800.00/head, you would receive \$600.00/head back and the \$200.00 would be equity in the animal.) The balance of the cattle, feed and hedging can also be financed.

5) Risk Management

- If you want to retain ownership on your cattle, risk management will be available.
- We can manage market fluctuations by using different hedging and option strategies.
- We have over 20 years of experience in risk management.
- For more information on risk management, you can contact Dale or Joe Klute Toll Free at (888) 399-2183. Dale Klute will be at the Sale to answer any questions on the Program. Any other questions on program, call Gale Merritt (865) 585-4170
